Changes after registration periods are NOT possible. If your students do not select the correct courses before the relevant registration deadlines, they risk not being able to earn enough credits during their exchange.</p> <p>Maastricht University uses the Problem Based Learning Method, whereby the average class size is 15 students. We therefore need to do a lot of planning (finding enough rooms and teachers/tutors and making sure there are about the same number of students in each tutorial group). Allowing students to change after the deadline would create a lot of organisational and logistical problems. We therefore provide your students with the Course Database, which should give them enough information about the courses to make an academically sound decision. Students can always ask the course coordinator (mentioned in the descriptions) for advice).</p> <p>Language requirements:</p> <p>All courses offered in the List of Courses are taught in English. As your level of English needs to be extremely advanced for you to be able to participate successfully courses (your level of English should be B2 of the Common European Framework of Reference or higher), we have included a so-called "<u>Self-Test of English</u>" which you can print out and use to find out whether you have any major problems with English grammar. You will find that the questions get tougher as the test progresses; therefore, if you already make a lot of mistakes at the beginning of the test it might be a good idea to do an extra English language course prior to coming to Maastricht so that you will be better prepared for the classes you will take at the School of Business and Economics. Please note that if your goal is to improve your English here this is not the right University to go to. At the start of each semester we ask and receive feedback from our tutors and course coordinator concerning the level of English of each student. We will send those students we get complaints about to the Language Centre to get tested. If they do not pass the test this student will immediately be taken out of the courses he/she is doing at that time, and will be told to take an extra English language course at his/her own expense. Before the next block starts the student will again be tested by the Language Centre. If the level of English has not improved the student will not be allowed to take part in any further courses. It is then up to the student to go home or to remain in Maastricht. Note, however, that if the student has a contract with the Guesthouse and wants to leave earlier he/she will have to pay for the remainder of that month plus an additional month cancellation fee. If we do <i>not</i> get a complaint about your level of English you do NOT have to take the test at the Language Centre.</p> <p>http://www.maastrichtuniversity.nl/web/Faculties/SBE/TargetGroup/Education/exchangeprog/EnglishProficiency.htm</p> <p>Non-EU STUDENTS</p>
---	--	--	--	--

				<p>VERY IMPORTANT:</p> <p>The English language requirements may differ for non-EU students who require a visa. Please note that if you are of a non-EU/EEA nationality you will need to provide evidence of your English Language proficiency for immigration purposes. It is a good idea to begin organising your English language test earlier.</p> <p>As soon as your students have completed the online application, we will forward their details to the Maastricht University Visa Office (if applicable). The visa application will be initiated by the Visa Office. Your students will hear from the Visa Office not earlier than late-May 2016. To start the visa procedure, your students will be asked to submit certain documents. <u>It is very important that your students react immediately upon request of the Visa Office and provide them with the necessary documents otherwise they risk a delay in their visa application. This may result in not receiving their visa in time in order to travel to The Netherlands for the start of their semester. Please note that we do not tolerate late arrivals since all our courses require a 100% attendance.</u></p> <p>The Visa Office will contact your students in due time, but if your students have not heard from the Visa Office three months before the start of their exchange semester, tell them to inform us via iro-incoming-sbe@maastrichtuniversity.nl. On the webpage of the Visa Office, your students will be able to check if they are required to apply for a visa. Students who have the Chinese nationality (from People's Republic of China) are not only required to apply for an entry visa but also for a so-called Nuffic certificate: http://www.nuffic.nl/international-students à Practical Matters à Visas and permits à Nuffic Certificate for Chinese students à Application procedure. Even if a student is currently living outside China, he/she will have to get a Nuffic Certificate to be eligible for a Dutch entry visa. The Nuffic Certificate does not apply to Hong Kong (SAR), Macau (SAR) and Taiwan (ROC) nationals.</p> <p><u>Please do not apply for a short-stay or tourist visa. If you do so anyway, Dutch Immigration Laws will force us to deregister you as SBE student, which means you will not be allowed to follow courses.</u></p>

This is in compliance with the requirements for regular master students taking the same courses. As group work and presentations are usually involved in the master courses, it is imperative that all participants are at the same level of English.</p> <p>For bachelor courses the language requirement stays at B2. Master students are welcome to take bachelor courses, if they prefer.</p> <p>Next to official certificates (TOEFL, IELTS etc.) NSM still accepts signed and stamped university statements <i>stating and guaranteeing</i> the required level. Please note that an English language course on a transcript does not count as sufficient Proof of English.</p> <p>http://www.ru.nl/nsm/imo/incoming_students/english-proficiency/</p>

English Language Requirements</p> <p>B2 is the minimum level of English recommended for all students coming to study at the University of Salford. English Language certificates are not compulsory for EU students, but we trust our partners to make sure that the nominated students are able to study in English. However, International students (from outside the EU) will have to provide a formal certificate due to Visa requirements.</p> <p>3.
