HEALTH INSURANCE

CHF 150 - CHF 300 per month

Foreign students in possession of a residence permit for more than 3 months must be insured with one of the health insurance companies officially recognised by the Swiss authorities.

However, if a student already has foreign health insurance, a request for exemption can be addressed to the "Office vaudois de l'assurance-maladie OVAM" (www.vd.ch/ovam). This request can be made only in cases where contracting Swiss health insurance would impose a double financial burden on the student and as long as the foreign health insurance guarantees identical coverage to that prescribed by the Swiss law on health insurance (LAMal).

Upon arrival in Switzerland, students should be able to certify that they have successfully completed this procedure; otherwise, they will have to take out an insurance policy in Switzerland.

ACCOMMODATION

The University of Lausanne (UNIL) does not have on-campus student housing. We recommend that exchange students try finding a room as soon as possible as there is a shortage in accommodation in the Lausanne area.

Students who wish to live in an off-campus residence hall should contact the Fondation Maisons pour Etudiants (www.fmel.ch). They should indicate that they are exchange students.

Students may ask for information about other housing options at the Social Affairs and Student Mobility Service (SASME) of the UNIL (www.unil.ch/sasme).

LIVING COSTS

The minimum cost of living for a student is approximately CHF 1'950 per month. This includes food and personal care, housing, health insurance, books and school supplies.

Accommodation: Residence halls off-campus, rooms in private homes and shared apartments with other students. The cost is minimum CHF 550/ per month.
