

# REPORT ON MY ERASMUS EXPERIENCE

## **1. What is your name and which program did you attend?**

**Francesco Calascibetta – Finance and Banking**

## **2. Where and when did you go during your Erasmus program?**

*Second semester - Kozminski University, Warsaw*

## **3. How did you like living there?**

*A lot*

## **4. What about the University?**

*The university it's not exactly near the city center but it is easy to arrive in the university using a tram spending no more than 30min from every place around the city. The courses usually are really well organized, the timetable could change during the semester, the exams' date are really flexible and usually the professors give you the opportunity to choose the date. There are a lot of place to study in the university and a lot of bar, little fast-food to find something to eat there inside.*

## **5. What is the level of the courses? Did you find similarities to those in Tor Vergata?**

*The courses were really different, I am not able to say which university is the best because they are completely different between them; but in both cases the courses' level is high. Regarding the exams' difficult, they are essentially really more easy than in tor vergata, probably because the preparation of the regular student is quite lower than us; but the time that you have to spent for a project still the same.*

## **6. Is there any particular advise that you would like to give to another student who will go there in the future?**

*When you have to prepare a project don't waste your time. It could seem easy, but you will require a lot of time.*

## **7. Do you wish to be contacted for further information by interested students?**

*Sure*
