

REPORT ON MY ERASMUS EXPERIENCE

1. What is your name and which program did you attend?

Chiara Borzi. I am attending the Master of Science in Finance&Banking.

2. Where and when did you go during your Erasmus program?

I left on February 2015 and I came back in July 2015. I went to Belgium, in Gent.

3. How did you like living there?

It was the best experience of my life. It changed my life and it allowed to grow and to discover a new amazing world.

4. What about *the University*?

The University is really good. It is among the top 50th Universities in the world. So, the exams are not easy, but the classes are really interesting, especially a course which I attended of Institutional Economics taught by Koors.

5. What is the level of the courses? Did you find similarities to those in Tor Vergata?

The level is high! There are a lot of similarities with Tor Vergata, but in Gent the courses are more modern. In most of them, you have to work in team and you have a lot of presentations in class. This is the typical course... You are assessed during all the course period!

6. Is there any particular advise that you would like to give to another student who will go there in the future?

Go to the University Dorms (and pick Canterbury or Uppsala. They are nice and you can make many friends easily! Moreover, do not try to give too exams. I think that it is better to give less exams but well prepared. Because as I said before, the scores are really low and they are not so easy!

7. Do you wish to be contacted for further information by interested students?

Yes. I'd like to help other students in this choice. The advices which gave me before leaving were really helpful. Hence, I hope that I can help others as well! Have a good lucky and be ready to do the best experience ever!
