

REPORT ON MY ERASMUS EXPERIENCE

1. What is your name and which program did you attend?

My name is Tropeano Tiffany

2. Where and when did you go during your Erasmus program?

I went in the University of Ghent, in Belgium from February 2018 to July 2018

3. How did you like living there?

Living there was very beautiful, the city of Gent is amazing, and is very focused on the students of the University. The winter is very cold though, and even in the summer the weather is cloudy and windy.

4. What about the University?

The University was very well organized, both for the Erasmus students, for which a lot of events were planned during and after the "Welcome days", and for enrolled ones.

5. What is the level of the courses? Did you find similarities to those in Tor Vergata?

The level of the courses was very similar to the one in Tor Vergata, not easier and not much more difficult, even if in the University of Ghent is almost impossible to take really high grades to the exam and everybody knows it.

Also in Ghent the approach to the course is very dynamic, and during the semester a lot of projects, presentations and assignments were planned, however the way the course was taught was a little bit different.

6. Is there any particular advice that you would like to give to another student who will go there in the future?

Belgium is really expensive, but the experience as a whole worth it.

Both in an academic and personal level this Erasmus was one of the most beautiful experience in my life, and to everyone who will go in Belgium in the future I suggest to travel a lot around Belgium, since it is very easy to move around from them, study hard even if it seems impossible, and rent immediately a bike!!

7. Do you wish to be contacted for further information by interested students?

Yes, it will be a pleasure!
