The meeting minutes with the students on 10th of November 2016

Present

There were the members of MSc Committee and the Professors involved in teaching the course.

Summary of the discussed topics and decisions made

On 10th of November 2016 at 5.00 p.m., in Sala Scacchi on the first floor, it was held the meeting between the members of the Programme and the students of the first and second year. The items were discussed during the meeting:

1. *Communications;*
2. *The points that the students brought up.*

Professor Stefano Herzel, Coordinator of the Master of Science, opened the meeting and greeted all students including new enrolled students.

Professor Herzel greeted first-year students, presenting to them the Professors at the meetings and the whole organizational structure.

He has presented to the first-year students the guidelines of the course, arrangements in Dual Degree with other foreign universities. The students have also been able to listen to the opinion of one student as a new graduate who already works in the business.

Students in the second year are overall satisfied with the progress of the course and do not currently have any comments to discuss.
