

SIMEX February 2026

Country: Republic of Lydora (fictional lower-middle income coastal state)

Population: 18 million

Hazard: Category 4 Cyclone Kalinda

Landfall: 72 hours ago

Impact Overview

- 1.8 million people affected
- 420,000 displaced
- 80,000 homes destroyed
- 3 provinces severely flooded
- Main port (Bayara) partially damaged
- 5 rural districts completely cut off
- Fuel supply chain disrupted
- Electricity down in 60% of affected areas
- Telecommunications unstable

Additional concerns:

- Cholera risk increasing
- Food stocks in rural areas critically low
- Elections in 4 months
- Media questioning government preparedness
- First wave of international assistance arriving within 48 hours

Government has declared a **State of Emergency** and requested international assistance.
