

To access the courses online you should follow the following steps:

1. copy the following link on your web browser

<https://trainingenrollment.mathworks.com/selfEnrollment?code=WKQNGYXSR1T2>

2. click on "get started"

3. sign into your MathWorks Account registered to your official uniroma2.it email address.

Then you will see a list of online courses.

Please, select "MATLAB Fundamentals (English)" and wait for the email on your uniroma2.it account.

Once you get the mail you should be able to follow the course immediately.
