W E L C O M E

Our Master of Science in Business Administration is the right choice for ambitious and smart students with a global mindset. High teaching standards, job-oriented specialisations, an international environment, and applied courses are what underlines our key to success.

The unique blend of our programme combining general core courses and five specializations gives students extensive and solid management skills strongly qualifying them for the career.

It is not by chance that 93% of our graduate students are now employed in Italy or abroad and that our professional former students are now working in several leading companies, building up strong professional carriers

I look forward to welcoming you to Tor Vergata University of Rome

THE PROGRAMME

The Master of Science in Business Administration (laurea magistrale - LM 77 Scienze economico-aziendali) is a two-year programme entirely taught in English, which is designed for students interested in a training programme on advanced topics related to Business Management and who wish to pursue an international career. The programme objective is to develop managerial skills, providing students with the necessary tools to operate in key areas of companies and allowing them to adapt to the rapid technological context changes that characterise the corporate world.

The programme has a strong international orientation: students from different countries, course content based on leading international cases, and regular presence of international partners and professors from various prestigious universities.

Career opportunities: The topics covered by the Master of Science in Business Administration are strategic issues for both business and public or private institutions. The structure of the Master's programme allows students to specialise in one thematic focus area that will usually determine their later career choice or to opt for a more general learning path.
