3. Certification of a foundation course released by the Italian secondary school institutions as complementary title of the schooling abroad.

Note that the abovementioned additional or complementary certifications of titles obtained with less than 12 years of education allow the enrolment to the first academic year and cannot be evaluated for enrolment with abbreviation of course in order to avoid a double evaluation of the same titles.

- Copy of the certificate that states the student passed the proficiency test for the access to the universities if expected and mandatory in your home Country (Selectividad in Spain; Prova geral de Acesso in Portugal; etc.) with official translation in Italian and validated by Italian competent authorities.
