

ENROLMENT IN SINGLE TEACHING COURSES

Academic Year 2020/2021

General Information

As part of your professional upgrading, or curricular development or simply for your general cultural enrichment, you can apply to enroll in single-teaching courses that are taught in a Bachelor's or Master's degree program without having to enroll in the whole program itself.

The following requirements are required to be entitled to take these single exams:

- you must be enrolled in a foreign university;
- you are students enrolled in other Italian Universities, with permission of the University you are attending or you have applied according to specific agreements;
- you have graduated or have the academic qualification necessary to be enrolled in the degree programs of the University;
- you are graduates that do not have the curricular requirements needed to gain admission to a Master's degree course, and must satisfy such requirements in accordance with the regulations laid out by the degree course committee.

The University's governing body annually establishes the amount of enrollment fees that must be paid, with the exception of foreign students participating in inter-university mobility programs.

Students enrolled in a Degree Course of the University cannot register in other paid study courses referred to in this article.

Single-teaching courses are subject to the same general or special regulations established for each Department in question, in particular with regard to matters such as attendance. Exceptions regarding propaedeutic may be authorized by the didactic structures involved.

Students that have signed up for single exams are not eligible to receive the benefits foreseen for students enrolled in the University degree courses, except for students with disabilities and foreign students involved in inter-university mobility programs. Students enrolled in a Degree course cannot contemporarily enroll in individual courses.

The School of Economics establishes, for each academic year, **a maximum amount of 36 CFU** to be acquired through single teaching courses.

In order to cover the cost of University fees, each student who wants to follow single teaching courses is required to pay the amount of:

- **Euro 150,00** for courses of 6 CFU;
- **Euro 300,00** for courses of 9 or 12 CFU;
- For each exam which is needed in order to integrate your curriculum for enrollment in a Master's degree course: **100 Euro**.

The procedures of enrolment in single teaching courses must be performed and completed by delivering the necessary documents to the office of "[Segreteria Studenti](#)" before the beginning of the lectures of the chosen course:

- Between September 17, 2020 and November 30, 2020 for courses starting on the first semester;
- Between January 15, 2021 and April 15, 2021 for courses starting on the second semester.
