

# MASTER IN DEVELOPMENT ECONOMICS AND INTERNATIONAL COOPERATION (MESCI)

*Master MESCI- Bridging the skill gap for sustainable development in the  
era of digital and ecological transition*

THE SCHOOL OF ECONOMICS  
The University of Rome "Tor Vergata"

MESCI is a unique 1-year international post graduate 2nd level Master (60 credits) taught in **English**. It is tailored for students who **aspire to take leadership roles** in Italian and global organizations in the field of international development (in both public and private sector).

MESCI provides an intensive program which consists in a number of **theoretical and practical courses** including those that play a crucial role in economic sciences, such as micro- and macroeconomics, econometrics and statistics.

***The MESCI board of professors includes members of the Faculty of the School of Economics at "Tor Vergata University of Rome" and key experts from foreign faculties and international institutions.***

# THE PROGRAM

MESCI program will guarantee internship and will offer career opportunities for its graduates in many international organizations (for example **UNDP, WTO, FAO, IFAD, OECD, ILO, IMF, WB, WFP, UNIDO, UNICEF**).

**MESCI Master** in partnership with **FAO e-learning Academy** offers over 500 multilingual **e-learning courses** to the students, **free of charge**, certified from **Digital Badges Certification system**, in a wide range of thematic areas including, food and nutrition security, social and economic development, and sustainable management of natural resources.

## Student's voices

***Master MESCI** is not only an academic experience that helps to acquire skills that are useful and valued in the job market, but is above all an educational and human experience in which one is enriched from by the exchange of life experiences, ideas point of view and knowledge gained from meeting with other students and professors from different paths of life and study. This is the real added values of the master's program.*

**Gabriele Musacchia Student 2022-23. from Italy**

*Great dedication and up-to-date insights from professors working in the fields of international cooperation, gender, education, sustainability, governance, poverty alleviation, etc. A wonderful variety and flow of topics! And it's not hard to get there from the center of Rome!"*

**Jesse Hawkes, Student 2022-23, from United States**

***Students will acquire an in-depth understanding of the economic determinants of development and will gain skills to produce analysis and applied research on poverty, inequality, growth, credit gender, labour and environmental issues.***
