

M.Sc. Student Prizes

Award criteria

For the AY 2016/17 the Department of Economics and Finance offers 8.000 euros in Student Prizes to students of the M.Sc. in Economics.

In total, 6 prizes will be awarded as follows:

- 3 prizes ("First Year Student's Prizes") will be awarded to students who take all their first year exams within the September session (September 2017).

The first one, worth 3.000,00 euros, will be awarded to the student who has achieved the best performance in the AY 2016/17. The remaining two prizes, worth 500,00 euros each one, will be awarded to the second and third-placed students;

- 3 prizes ("Graduate's Prizes") will be awarded to students who graduate in time within the Spring session (April 2017). The first one, worth 3.000,00 euros, will be awarded to the student who has achieved the best performance in the last two academic years (2014/2015 and 2015/2016). The remaining two prizes, worth 500,00 euros each one, will be awarded to the second and third-placed students.

First Year Student's Prizes

The ranking will be based on the weighted average of all first year exams, to be taken within the September session (September 2017).

Criteria for eligibility:

1. being regularly enrolled in the first year;
2. having passed all first year exams, pass/fail examinations included, within the September session (September 2017);
3. not having received transfer credits for exams belonging to other M.Sc. programmes.

C.F. 80213750583 – P. IVA 02133971008

In case two or more students are equally qualified, the prize will be assigned to the student who passed the smallest number of exams during the September session (September 2017).

In case of a further tie, the prize will be equally divided between the students.

Graduate's Prizes

The ranking will be based on the weighted average of all exams passed before the graduation session.

Criteria for eligibility:

1. being enrolled in the first year in the AY 2014/15;
2. having graduated on time, that's to say within the Spring Session at the latest (April 2017);
3. having received a final grade equal to 110/110 cum laude.

In case two or more students are equally qualified, the prize will be assigned to the student who graduated in the previous session.

In case of a further tie, the prize will be equally divided between the students.
