

REPORT ON MY ERASMUS EXPERIENCE

1. What is your name and which program did you attend?

Daniele Angelini, Erasmus+ Exchange Program

2. Where and when did you go during your Erasmus program?

Maastricht, Netherlands

3. How did you like living there?

I liked the place and the city; also the people I met were interesting (mostly italians). However, I didn't have enough time to travel around due the incredible time-consuming effort required by the University.

4. What about the University?

The quality of the studies is very high. However, the fact that we had to prepare many exercises for each meeting and we had to handle weekly papers did not let me enjoy the courses as much as I would have in a more relaxed environment.

5. What is the level of the courses? Did you find similarities to those in Tor Vergata?

The quality of the courses was similar to those in Tor Vergata. However, the system was very different due the few lectures and the many tutorials we were required to attend.

6. Is there any particular advise that you would like to give to another student who will go there in the future?

Go there if you are willing to study a lot.

7. Do you wish to be contacted for further information by interested students?

Yes.
