1. Institutional details

- Tutor name and email: Elisa Facchetti (elisa.facchetti@uniroma2.it)
- Economic fields: Applied Microeconomics, Economics of Crime, Public economics
- Internship start date: January 2025, flexible
- Full-time/Part-time: part-time

2. Skills and Experience required

- Languages required: English
- Degree requirement: Enrollment in MSc Economics
- Skills required: curiosity and attention to details, interest in learning web scraping using Python/R, knowledge of basic descriptive/econometric techniques using Stata.

3. Job description: Research Assistanship "Police organization and police performance"

- The objective of this research project is to estimate the impact of internal organizational structures on police performance within police forces in England.
- The intern will be involved in assisting in the construction of a comprehensive dataset from web archives on managerial profiles of police managers and career progression. Additionally, the intern will have the opportunity to contribute through web scraping coding in Python or R.
- The intern will develop skills in data setup, harmonization, and cleaning, improve their R/Python coding for web scraping, and gain an understanding of organizational economics concepts and their application in empirical research.

Please note: The student must complete 150 internship hours over the course of at least three months and submit the evaluation documents and timesheet at least 45 days prior to his/her graduation. Upon termination of the internship, the Tutor will be required to send immediate notice to Desk Imprese Economia Tor Vergata deskimprese@economia.uniroma2.it with msc_economics@economia.uniroma2.it in copy so the student may obtain credit recognition for the internship activity.
