#### **ART. 4 – Candidate evaluation and merit ranking**

The evaluation of the candidates will be based on the weighted average of the marks achieved in relation to the credits acquired for all of the foreseen first-year exams from the time of enrolment until 30 September 2021.

In drawing up the merit ranking, the Commission will take into account:

- the weighted average of the exams taken, rounded to the first two decimal points;
- the total number of credits (CFU) earned by the student from enrolment up to and including the September 2021 exam session.

Only exams taken at the University of Rome Tor Vergata and taken abroad as part of mobility programs will be considered. For students who have transferred from another university or another study program of this university, the commission will not take into account the recognition of the achieved credits that were earned before the time of the transfer.

Notwithstanding the resolution N. 7.3 of the DEF Council held on 14 September 2021, in the case of an equal ranking:

- for the first prize, the total amount of the two prizes will be merged (€1000 + €500 = €1500) and divided among the winners, without assigning other prizes.
- only for the second prize, the amount of the 2nd prize (€500) will be divided equally among the winners.

In the event that a number of scholarships remain unassigned, there will be no new selection.

The merit ranking will be published on the website of the Department of Economics and Finance (<https://economia.uniroma2.it/def/selezioni-bandi/>). The publication of the ranking will be valid in all respects as an official communication of the results. There is no other form of communication of the ranking.

**The ranking is expected to be published online after 15 December 2021.**
