A. Hello from Innsbruck - Hello from the IWW-Office

Dear interested / nominated student!

Hello from Innsbruck, hello from the Faculty of Business and Management Innsbruck!

We - the members of the IWW-Office, Christoph (your incoming coordinator and responsible person for incoming exchange), Maiko (Ms.) & Celina (Ms.) - are happy to welcome you and that you are interested to study as an exchange at our institution - Faculty of Business and Management (SoWi)

Innsbruck is located in the western part of Austria and in the middle of Europe, very close to the Italian and German border. Innsbruck is surrounded by mountains therefore an excellent area for winter sports. But also a lot of history and culture says hello to all interested visitors.

Innsbruck is a very „young people“ city. Old and young do a lot of sports but Innsbruck is also a place to go out to restaurants and bars and enjoy social life. Our Faculty is situated just a stone's jump from the old town.

Your exchange time should be fun and a wonderful, unforgettable experience ;-) - but we don't want to withhold that on the other hand there is also administration to do which is a lot of paper/computer work and mostly the boring part of your job as an exchange student.

Once you have found your decision which university you are going to - hopefully our institution ;-)... you will see - time goes fast and suddenly you need to pack your bags.

Please, **check** all deadlines and if you need to apply for a **visa**, apply as soon as possible.

So - **be ready for an exiting journey** - and start your application. As soon as we receive your official nomination, we will provide you with details for your application - which starts with the IWW-Online-Registration.

All the best from Innsbruck

Christoph

Faculty of Business and Management (SoWi)

B. Innsbruck - The capital city of Tyrol

Innsbruck (German: [ˈɪnsbrʊk]) is the capital of Tyrol and the fifth-largest city in Austria. On the River Inn, at its junction with the Wipp Valley, which provides access to the Brenner Pass 30 km (18.6 mi) to the south, it had a population of 132,493 in 2018.

In the broad valley between high mountains, the so-called North Chain in the Karwendel Alps (Hafelekarspitze, 2,334 metres or 7,657 feet) to the north and Patscherkofel (2,246 m or 7,369 ft) and Serles (2,718 m or 8,917 ft) to the south, Innsbruck is an internationally renowned winter sports centre; it hosted the 1964 and 1976 Winter Olympics as well as the 1984 and 1988 Winter Paralympics. It also hosted the first Winter Youth Olympics in 2012. The name means "bridge over the Inn".

Discover Diversity

Pure joie de vivre, for an unforgettable holiday: Between culture and nature, high peaks and low valleys, traditions and trends – no other region combines extreme contrasts with as much charm as Innsbruck. Here you can travel from the heart of the Tyrolean capital up to the high peaks of the Nordkette mountain range in just 20 minutes, where you can experience this alpine jewel up close and marvel at the vibrant hustle and bustle of the city from above. Or discover alpine-urban style with little jumps through time from modern architecture to historical buildings. The city's special old town flair and famous sights are only a breath away from your next hike or bike tour, ski area or winter hiking experience. An abundance of contrasts in a very small area... Where else can you experience your own personal definition of freedom, from leisurely to demanding, in just one place?

Sights and attractions in Innsbruck

Are you thinking about coming to Innsbruck? Or are you perhaps already here? If so, this is the perfect site for you. We'll show you everything you need to know for your holiday in Innsbruck and much more. Top sights and attractions, public transport, insider tips: we've got it all right here. The only thing you need to do is decide what takes your fancy.

The Highlights

Would you like to visit the Golden Roof, Innsbruck's landmark in the heart of the historic old town built by Emperor Maximilian? Or the Imperial Palace, Court Church and Imperial Gardens? Whatever you choose, you can enjoy the impressive backdrop of the Nordkette mountain range, the gateway to the Karwendel mountains. You're sure to love this amazing sight, just like we do. The mountains and the city are closer together here in Innsbruck than anywhere else and this means that the Alps are all around you wherever you go: whether on a walk through the historic old town, strolling under shady arcades or admiring the colourful rows of buildings.

And of course wintersports

Tyrol is an eldorado for wintersports. 1000s km of pistes and fun. Students even can directly go from the faculty to the tram which leads in 30 - 40 minutes to the very top of the Nordkette (2.334 m). Sometimes students take their skiing equipment to the course and leave after the course directly for skiing.

C. LFU - Leopold-Franzens-Universität Innsbruck

The history of the University of Innsbruck starts about 100 years before its official foundation in 1669, when in 1562 a Jesuit school/college was established. Emperor Leopold I used this school as a foundation to establish a university on 15 October, 1669. He guaranteed its financing by introducing a new extraordinary tax on salt extracted in Hall, the so called "Haller Salt Surcharge". Eight years later in 1677, the founding certificate was issued, which mentioned four faculties.

In the following years, the University had to endure challenging times – it was dissolved and reopened twice. In 1826, Francis I Emperor of Austria finally founded the Faculty of Philosophy and the Faculty of Law and, thereafter, other faculties were established step-by-step. In 1969 teaching started at the Faculty of Civil Engineering Sciences and Architecture, and in 1976 the Faculty of Sociology and Economics was established, which used to be integrated into the Faculty of Law and Political Science. Under the University Act 2002 the University was re-organized into 15 faculties and the Faculty of Medicine became a University in its own right – the Medical University of Innsbruck. In 2012 the Faculty of Teacher Education has been established and became the 16th faculty of the University of Innsbruck.

The University of Innsbruck has grown to become an important driving force for the social and economic development of Tyrol and is now the largest educational institution in western Austria.

Numerous renowned scientists have been awarded by the University for their outstanding work and performances.

D. Faculty of Business and Management (SoWi)

The Faculty of Business and Management building was built 1999 and is part of the university since 1974.

Our faculty is also called the „SoWi“ which is derived from the german word **SO**zial**WI**ssenschaften (Social Science).

The faculty is located just 5 minutes from the old town and is surrounded by a wonderful view to the mountains to the north and the south of the valley.

The faculty building residences the faculties:

- Business and Management
- Economics and Statistics
- Sociology and
- Politics

Around 5.000 students and staff members are studying and working at the SoWi.

The faculty is equipped with a wonderful library, 3 big lecture halls, 1 big aula and 23 seminar rooms (all equipped with a beamer and a computer). Furthermore it offers a computer lab with 4 computer rooms, a mensa and a lot of study areas for students.

The papershop „Studia“ is the place to make copies, to buy study material or to buy books, etc..

Trips for exchange students and ‚Come together‘ events are organized by the student union, the so called ÖH and ESN. And if student want relax, they find a place in the beautiful, historical park ‚Hofgarden‘ just at the backside.

I. Modules / Courses

Module system Faculty of Business and Management

The University of Innsbruck - Faculty of Business and Management - offers a modular course system at different levels. It might be not easy to understand but **the module system will be exactly explained in the introduction - so do not worry!**

Most of the modules consist of 4 hours per week. One academic hour is 45 minutes. Modules usually include an input-oriented (VO = lecture) and an interactive part (PS/SE/VU/UE = proseminar/seminar) **OR** 2 interactive parts. All modules will be assessed by written exams and group works and/or oral exams. The student has to sit written exams (Klausur) in the PS/SE/VU/UE classes during the semester. PS/SE/VU/UE interactive parts have to be passed in order to be eligible to sit the final exam (Gesamtprüfung) at the end of the semester.

Students passing the final exam (Gesamtprüfung) receive 7.5 ECTS credits for each module. The number of students in a module is usually limited to 30-40 students. Only a limited number of modules is taught in English. Modules **without** any lecture part (VO) **do not have a final exam in the final exam week**.

Modules taught in German require good command of German (B2 at least).

To study successful at the SoWi you should be an advanced bachelor student at least.

Attention: Exchange students need to reach a workload at least of **16 ECTS** credits at the end of their stay, but you can not choose more than 4 modules = 30 ECTS per semester (excl. small courses)

Attention: German language courses at the Language Center (Sprachenzentrum) or courses from other faculties are not part of the module system below.

Bachelor student, in case of no lecture part (VO) in the chosen module the module will end ->
 winter semester: end of January
 summer semester: end of June

Grading system:

- 1 very good (A)
- 2 good (B)
- 3 satisfactory (C)
- 4 sufficient (D)
- 4 sufficient (E)
- 5 fail (FX)
- 5 fail (F)

J. Module Description - and how to find modules

Students only may take modules in the frame of their applied study programme. Except interdisciplinary modules, Since students are enrolled at the business faculty, students are not allowed to take modules at other faculties.

Attached to this PDF, bachelor students find a **list of modules** offered at the Faculty of Business and Management with links to the module description.

Master students can look up modules in the linke below and should contact their Innsbruck master coordinators (name and contact will be sent as soon as the student has done the iww-online-registration) to discuss the modules. Unfortunately the IWW-Office can not offer a module list like for bachelors. We are sorry!.

German language courses

Students can also apply for German language courses - see module list

German language courses on level are free for exchange students. For all other german language courses students have to pay.

Sprachenzentrum - Language Center:

<https://www.uibk.ac.at/sprachenzentrum/semesterkurse/deutschkurse.html.en>

Business language courses

We have 3 rounds of module registration for bachelor students. In the first round exchange students **are not allowed to take business language courses**. But in the second round, if places are still available since these courses are reserved for regular students to make sure that they can finish their study in time.

il gneral, students are not allowed to take business language courses in their mother tongue!

A list with links of BACHELOR modules are attached at the end of this PDF!

Finding accommodation (privat and dorms) is not easy. The demand has been extremely high.

- **The IWW-Office is not in charge of finding rooms for exchange students.**
- **Finding accommodation became a job - please, apply as early as possible!**
- **The housing application is independent of your university application and can be started any time.**

Dorms:

We recommend students to apply at the ÖAD Innsbruck - which is the Innsbruck student house agency. Most of the student houses are under contract of the ÖAD.

Since the housing situation became extreme and dorms have waiting lists of over 800 students we strongly recommend to apply directly at the dorms - see dorm list attached.

Since only a certain number of rooms are available students should apply as soon as possible.

WS - winter semester - February, March / SS - summer semester - Mai / June.

- If students apply "very early" they have a big chance to get a room in the dorm they want to and/or get a single room, if desired. But it might take a while that the student receives a confirmation.
- The student has to pay an application fee (35,- euro), which is not refundable (exception: if no room will be available or offered)

Be aware: If students apply at the dorm „International Student House“ directly, they fully charge students, even they have no rooms available. Students told us, that although they asked if rooms are still free that the answer was, please, just apply. Therefore they want student to transfer money first and then hand in the application document with the receipt of the money transfer.

- This fee was introduced since students applied, cancelled, applied again, etc..
- As soon as the student has paid the application fee, the student will receive a room offer with the request to pay the deposit, which is about 900 Euro, within 14 days.
- If the student does not pay the deposit within 14 days, the reservation offer will be withdrawn. In case the student has/wants to apply again he/she has to pay the 35 Euro again.
- The housing application procedure will ask you to upload your acceptance letter. As this document might be not available yet, it is sufficient to upload a PDF document which confirms that you are nominated as a student at Innsbruck University (eg. nomination, nomination email, any other confirmation that you are nominated at Innsbruck University)
- Our office (iww-office) is not in charge of housing – for any questions, please, contact the housing office (ÖAD) or dorm directly

Free market:

Renting a room or apartment on the free market is very difficult if you do not speak german and might be expensive, especially if you wish to rent for less than 12 months and if furnished accommodation is needed.

ATTENTION:

We had some online frauds on different websites lately. The room looked beautiful but it did not exist. There were a lot of friendly whatsapp traffic and video calls - but the alleged renter was not seen in the calls or was (suddenly) not reached under the indicated number.

Please, pay attention and be careful with housing offers especially when you are asked to transfer money. Money for rent should only be transferred to an Austrian bank account!

An Austrian IBAN bank code always starts with AT...

L. Introduction and welcome days

The introduction days start about one week before semester start.

During the introduction days the students will be provided with a package of very important information - and it might become a stressful time for some of the students.

To make sure that students do not miss any information and to avoid problems in understanding the module system, these days are a must and mandatory for exchange students.

In the Introduction the students will hear about Tyrol, Innsbruck, administration, module system, how to register for modules, general information but also about social life possibilities, leisure time and of course winter sports.

We also offer a little guidance tour through the faculty where we show the students the most important places and have an extra session in which we explain the module registration system.

To give the students a better preparation, we offer a voluntary online information / question session, which usually takes place a few weeks before the students arrival.

At the begin of the semester exchange students are invited to an exchange welcome event where the students will meet all exchange students from all faculties. There will be a speech from an important person of the university, information from the IRO, from the student union (ESN) and at the end the students will be offered free drinks and fingerfood for all.

There is compulsory attendance in all modules!!!!

Students need to earn 16 ECTS at least at the end of their stay.

This is a must and a request from the rector! The reason for this is that we are a public university. We receive money from the government depending of the number of students who received at least 16 ECTS per year.
