Meeting the Practitioners

Vincenzo Pellegrini

Morningstar Italy

March 12, 2.00pm

classroom S11 (second floor, Building Didattica)

Vincenzo PELLEGRINI - *Institutional Sales*

Vincenzo Pellegrini has been working in Morningstar for 7 years. He started as Data Relationship Manager and then he moved to a sales role as Sales Specialist of Morningstar Direct, the global investment analysis platform for Institutional investors. From 2012 he moved to the Relationship Manager role as account manager of some of the most important Italian banks, asset management companies, insurance currently served by Morningstar products. From 2009 he is also responsible for the organization of ITForum, one of the leading financial event in Italy, held in Rimini every year since 2000.

Morningstar Italy (www.morningstar.it), is a leading provider of independent investment research in North America, Europe, Australia, and Asia. Our goal is to offer products that help improve the overall investment experience for anyone using our services—individuals, financial advisors, and institutions. Since Morningstar was founded 30 years ago, we've continued to evolve and expand our products.

We remain committed to leading the industry in delivering world-class investment research and services to people around the globe.
