

# REPORT ON MY ERASMUS EXPERIENCE

## 1. What is your name?

Lorenzo Gallina

## 2. Where and when did you go during your Erasmus program?

I went to Stockholm, Sweden, during the second semester of my second year of my master's program. I left in January 2024 and returned in June.

## 3. How did you like living there?

The city is fantastic from every possible perspective, but the cost of living is very high.

## 4. What about *the University*?

The university is divided into two main campuses, which are close to each other. The first one is the historic and larger campus, located in a natural park where it is easy to encounter various animal species. The second one was built only a few years ago, is very high-tech, and is equipped with every imaginable comfort.

## 5. What is the level of the courses? Did you find similarities to those at Tor Vergata?

The level of courses is generally very high, but unlike Tor Vergata, it is more focused on group work.

## 6. Is there any particular advice that you would like to give to another student who might go there in the future?

I highly recommend going in the second semester to fully enjoy both the winter season and the arrival of spring and summer while avoiding the September/October rains. Be careful with the security deposit for student housing—there is likely a long-running scam, and you will almost certainly lose your deposit. Document the entire room with photos and videos on your first day.

## 7. Would you mind being contacted for further information by interested students?

*Of course not.*
