Degree programs are divided into:

- Programs with a limited number of places that require a selective “admission test” (capped enrollment)
- Bachelor’s degree programs with open access that require an “evaluation test” to assess personal preparation
- Master’s degree programs with open access that require “verification of curricular requirements” and personal preparation
- English-taught programs, with preliminary evaluation of applications through specific procedures.

Some degree programs require a fee for registration to the entrance tests. The following categories of students are exempt from this fee:

a. Individuals with recognized disabilities of 66% or higher, or with recognition of handicap pursuant to Article 3, paragraphs 1 and 3 of Law No. 104 of February 5, 1992;

b. Students who have graduated from Tor Vergata University of Rome with a score of at least 100/110 and intend to enroll in a Master’s degree program.

3.1 – How to participate in the “admission test”

If you wish to enroll in a degree program with nationally or locally capped enrollment, you must first register for, take, and pass the admission test.

INSTRUCTIONS

b. Select Student Section, Key 1 ➔ Registration for the Admission Tests / Registration for the Compulsory Assessment Test.

c. Fill out the admission test registration form. A form and a payment slip with a CTRL code will then be generated.

d. Pay the entry fee due via the PagoPA system, which allows payment through various channels, both physical and online. Links and further information on payment methods are available at [studenti.uniroma2.it/pagamento/](http://studenti.uniroma2.it/pagamento/).

e. Log back into the Delphi site within 48 hours of payment and validate using the “Validate PagoPA” button. The online validation of the payment is essential for participating in the admission test.
3.2 – How to register for the “Assessment tests”

If you want to enroll in a degree program with open access, but for which the announcement requires an evaluation test to verify personal preparation for admission, you must register for and take this test.

**INSTRUCTIONS**

a. Access the Delphi Online Services website: [http://delphi.uniroma2.it](http://delphi.uniroma2.it)
b. Select Student Section, Key 1 → Registration to the Admission Tests / Registration to the Compulsory Assessment Test.
c. Fill out the admission test registration form. A form and a payment slip with a CTRL code will then be provided.
d. Pay the entry fee due via the PagoPA system, which allows payment through various channels, both physical and online. Links and further information on payment methods are available at [studenti.uniroma2.it/pagamento/](http://studenti.uniroma2.it/pagamento/)
e. Log back into the Delphi site within 48 hours of payment and validate using the “Validate PagoPA” button.
f. Students with a zero-amount payment slip are still required to validate after printing the slip.

The online validation of the payment is essential for participating in the admission test.

3.3 – How to request the “Assessment of curricular requirements”

If you want to enroll in a Master's degree program with open access, you must request verification of curricular requirements and personal preparation prior to enrollment, and attend an interview if required by the notice of each School.

**INSTRUCTIONS**

a. Access the Delphi Online Services website: [http://delphi.uniroma2.it](http://delphi.uniroma2.it)
b. Select Student Section, Key 1 → Assessment of Curricular Requirements.
c. Fill out the admission test registration form. A form and a payment slip with a CTRL code will then be provided.
d. Pay the required fee through the PagoPA system, which allows payment through various channels, both physical and online. Links and further information on payment methods are available at [studenti.uniroma2.it/pagamento/](http://studenti.uniroma2.it/pagamento/)
Chapter 3 – Preliminary steps for enrollment

e. Log back into the Delphi site within 48 hours of payment and validate using the “Validate PagoPA” button. Validate “PagoPA” within 48 hours² from the payment date.

The online validation of the payment is essential to obtain verification of curricular requirements.

The request for verification of curricular requirements will be transmitted online to the competent educational structure of the degree program for evaluation. After the deadline for submitting applications, the Degree Program Council will meet to deliberate on the congruence and possession of curricular requirements and the consequent issuance of the clearance necessary for enrollment according to the procedures described in the following Chapter 4 - Enrolment.

3.4 – Specific procedures for preliminary assessment of applications – English-taught programs³

For English-taught programs that require a preliminary evaluation of applications, for which an admission test is not required, the following procedures are provided:

1. International applicants with a foreign qualification

Are you legally residing in Italy or awaiting preliminary registration with Italian diplomatic authorities abroad? If so, you can submit your final qualification for a preliminary evaluation of your academic background.

The University will assess your eligibility for admission to your chosen program and provide you with the following information:

- Whether you meet the program’s entry requirements.
- Any additional entrance exams you may need to take.
- Alternative programs that may be a more suitable fit for your academic profile and goals.

INSTRUCTIONS

b. Select Student Section, Key 1 → Application to programs taught in English
c. Fill out the application for preliminary assessment and attach the relevant documentation

² The acquisition time of the PagoPA collection stream is variable. As long as it is not available, the payment cannot be validated.
³ Except for “Medicine and Surgery” and “Pharmacy” courses.
d. Once you have received notification of your admission, you can print your admission letter by selecting point b) in the Student section. This will enable you to submit your application for a study VISA to the Italian embassy or consulate in your country.
Chapter 4 - Enrollment

You may proceed with the ENROLLMENT APPLICATION in the following cases:

- After passing the admission test (for degree programs with capped enrollment)
- After taking the mandatory evaluation test for admission to an open-access Bachelor’s degree program (1st cycle - 3-year duration)
- After receiving clearance following the verification of curricular requirements for enrollment in an open-access Master’s degree program

Starting from the 2023/2024 academic year, enrollment in multiple degree programs at Tor Vergata University or other Italian universities is permitted, in accordance with Law No. 33 of April 12, 2022, containing “Provisions on simultaneous enrollment in two higher education courses” as well as subsequent Ministerial Decrees of July 29, 2022, No. 930 and August 2, 2022, No. 933. The administrative procedures for simultaneous enrollment are described in detail in paragraph 8.10 – Simultaneous enrolment.

4.1 – How to enrol

If you meet the required prerequisites, you can proceed with enrollment in your chosen degree program. The updated procedure is available at the following link: studenti.uniroma2.it/immatricolazione/

HOW TO ENROLL

a. Complete the evaluation questionnaire on the “Quest Test” website: http://www.quest.uniroma2.it
b. Keep the questionnaire code (CQ) issued by the system (note: the CQ is valid for five days from the date of completion of the questionnaire; after which it must be recompiled)
c. Access the Delphi Online Services website: http://delphi.uniroma2.it
d. Select Student Section, Key 2 – Enrolment
e. Select “Start application procedures”
f. While completing your enrolment:
   - if you wish to pay the full tuition fees in one instalment instead of two, select this option;
   - self-certify the academic qualifications you declare when you enrol. The university will verify the information contained in this self-certification in accordance with the applicable standards and regulations
g. Select "Print": the system will print your application and a payment slip that you can use to pay your first instalment
h. Pay the required fee through the PagoPA system, which allows payment through various channels, both physical and online. Links and further information on payment methods are available at: studenti.uniroma2.it/pagamento/
Chapter 4 - Enrollment

i. Log back into the Delphi Online Services website and confirm your payment by tapping “Convalida PagoPA” within 48 hours from the payment date.

j. The system will issue your personal ID number (matriculation number) and password, which you must keep carefully as they are essential for accessing the university computer services. However, it is still possible to log in without your matriculation number and password using SPID credentials.

Next steps to complete your enrolment

After validating the payment, unless otherwise specified in the announcement, you must upload the following documents to the Delphi portal:

- A passport-sized photo (see guidelines at https://studenti.uniroma2.it/your-passport-sized-photogaph/);
- A copy of a valid identification document (front/back, in a single PDF file).

Subsequently, you must book an appointment at the physical or virtual counter of the Student Affairs Office for the recognition and validation of the uploaded photo and document by December 13, 2024. For information on each Student Affairs Office and to book appointments, visit this link.

AFTER VALIDATION, ENROLLMENT IS COMPLETE.

If the recognition step is not completed, Delphi functions will be limited.

STUDENT RECOGNITION AND DOCUMENT VALIDATION ARE ESSENTIAL FOR THE COMPLETION OF THE ENROLLMENT PROCEDURE.

Enrollment in Master’s degree programs may also be allowed after the academic year has begun, provided it is in time to attend the courses in compliance with the rules established in the academic regulations and with the methods and deadlines indicated on the website of each School. Students who intend to benefit from a reduction in university contributions compared to the maximum amount must, through their personal area of the Delphi portal, authorize the University to acquire the ISEE-University certification from the INPS database, requested by December 13, 2024. For further information, read paragraph 7.5–University ISEE.

---

4 The acquisition time of the PagoPA collection stream is variable. As long as it is not available, the payment cannot be validated.

Applicants who submit a DISCOLAZIO scholarship application may later discover they are not included in the final awardee list or have their scholarship withdrawn after eligibility checks. In such cases, to assess their tuition fee exemption eligibility, they must grant the university access to their ISEE-University certificate via the Delphi portal by December 13, 2024.

If the DISCOLAZIO rankings show that the student is neither a winner nor eligible, they must pay the integration of the first installment within 30 days from when they have access to payment. Subsequent installments will have the due dates provided for all students or, if more favorable, 30 days from the deadline set for the first installment. For payments made after the set deadlines, a late fee of €100.00 will be applied.

Please note that even without a DISCOLAZIO scholarship, applicants deemed ineligible for the tuition fee exemption will be subject to a compulsory surcharge on the first instalment within 30 days of starting the payment process. Subsequent instalments follow the same deadline for all students. Failure to pay within the stipulated timeframe will result in a €100 penalty.
PARTIAL EXEMPTION

Students who are entitled to this type of exemption must consult paragraph 7.6 “Exemptions” - Chapter 7 University Tuition Fees

APPLICATION FOR ADMISSION

For English-taught degree programs, a pre-assessment of qualifications (Application-Assessment) is required. Detailed information can be found at: https://web.uniroma2.it/en/percorso/admissions/sezione/how_to_apply

For degree programs requiring registration for admission or evaluation tests, consult the relevant announcements or notices for information on procedures and deadlines at: https://web.uniroma2.it/it/percorso/offerta_formativa/sezione/elenco_dei(corsi_di_laurea_suddivisi_per_area

EVALUATION OF FOREIGN QUALIFICATIONS

The evaluation of educational qualifications may occur in two phases:

1. Knowledge Verification
   For most degree programs, knowledge verification is done through evaluative/selective tests or verification of curricular requirements, as stated in the relevant admission notices/announcements. The appointed committees will examine the candidate’s knowledge and educational background based on documentation (Qualifications and certificates).
   Note: Even if a qualification allows passing the knowledge verification, it may not be suitable for enrollment. The formal evaluation of the qualification will be done both during the visa application process for non-EU citizens residing abroad and at the time of enrollment.

2. Formal Evaluation
Chapter 5 – International students

The formal check, which involves assessing the eligibility of the foreign qualification and verifying its authenticity and validity, is carried out by the Foreign Qualifications Evaluation Office (international.qualifications@uniroma2.it) after online enrollment and submission of all required original documentation. The check covers the qualification’s name, nature, duration, level, the institution that issued it, previous schooling, academic rights, and its actual attainment. Different entry requirements apply to EU/EU equivalent, non-EU visa-free, and non-EU visa-required students as per ministerial regulations. Find further details on the Ministry’s website: https://www.studiare-in-italia.it/studentistranieri/

DOCUMENTS REQUIRED FOR ENROLLMENT WITH FOREIGN QUALIFICATIONS

Enrollment in Italian universities with foreign qualifications is regulated by ministerial provisions that establish different access procedures for EU or equivalent students, non-EU students who do not need a visa, and non-EU students requiring a visa.

To verify if a foreign qualification meets the requirements for university enrollment, carefully consult the ministerial website at https://www.universitaly.it/studenti-stranieri

5.1 Enrolling in a Bachelor’s or Single-cycle Master’s Degree Program

General Information

To access a Bachelor’s or Single-cycle Master’s degree program, a foreign secondary school qualification obtained after at least 12 years of schooling is required. This qualification should allow access to a similar program in the country where it was issued.

5.1.1 Documents to submit upon enrollment

- Final secondary school qualification obtained after at least 12 years of schooling
- Attestation of verification of the final qualification issued by CIMEA, to be requested online at: https://cimea-diplome.it/page-diplome
- If the country that issued the final qualification is on the list of signatories to the Lisbon Convention, you can submit the Statement of Comparability, which can be downloaded free of charge by the candidate on the ARDI platform: https://ardi.cimea.it/it
- If the country that issued the qualification is not on the list of signatories to the Lisbon Convention, it is mandatory to present the Statement of Comparability issued by CIMEA - https://cimea-diplome.it/page-diplome
- Certificate attesting the passing of any academic suitability test required for university access in the country of origin
- School transcripts
5.1.2 Qualification obtained after a school path of less than 12 years
If the qualification was obtained after a school path of less than 12 years, it is necessary to present, in addition to the original secondary school diploma, also the academic certification attesting the passing of all the exams foreseen:

- For the first year of university studies, in the case of a local school system of eleven years;
- For the first two years of university studies, in the case of a local school system of ten years.

The following can also be accepted as supplementary to the path:

- Final post-secondary qualifications obtained in non-university higher institutes in related subjects to the chosen course;
- Certifications from Italian universities attesting to the successful completion of foundation courses.

The aforementioned additional and complementary certifications to secondary school qualifications obtained with less than twelve years of schooling allow only enrollment in the first academic year in Italy and cannot be further evaluated for enrollments with course abbreviation in order to avoid a double evaluation of the same qualifications.

Certifications of passing foundation courses can also be used to meet additional requirements required for entry into courses, which are different from years of schooling, but in any case, cannot remedy the absence of a “Secondary school diploma or other qualification obtained abroad, recognized as suitable” (Ministerial Decree 270/2004 and Presidential Decree 212/2005).

N.B.: In the case where a candidate for a degree program presents a foreign qualification obtained against studies predominantly carried out in Italy, the recognition, even partial, of such qualification is subject to the accreditation procedure of the institution operating in Italy, according to what is established by Decree April 26, 2004, n. 214 “Regulation containing criteria and procedures for foreign institutions of higher education operating in Italy for the purpose of recognition of the qualification issued by them (implementation of Article 4 of Law July 11, 2002, n. 148)” , in implementation of Article VI.5 of the Lisbon Convention.

5.2 Enrolling in a Master’s Degree Program
General Information
To access a Master’s Degree program, a foreign university or post-secondary qualification is required that allows continuation of studies in the next cycle at universities in the country to whose system it refers.

### 5.2.1 Documents to submit upon enrollment

- Official foreign qualification corresponding to the first cycle according to the Bologna Process qualification framework and level 6 according to the European Qualifications Framework (EQF) obtained at a higher education institution that allows in loco the continuation of studies at academic institutions at the next level (second cycle of the Bologna Process / EQF level 7)
- Attestation of verification of the final qualification issued by CIMEA, to be requested online at: [https://cimea-diplome.it/page-diplome](https://cimea-diplome.it/page-diplome)
- If the country that issued the final qualification is on the list of signatories to the Lisbon Convention, you can submit the Statement of Comparability, which can be downloaded free of charge by the candidate on the ARDI platform: [https://ardi.cimea.it/it](https://ardi.cimea.it/it)
- If the country that issued the qualification is not on the list of signatories to the Lisbon Convention, it is mandatory to present the Statement of Comparability issued by CIMEA - [https://cimea-diplome.it/page-diplome](https://cimea-diplome.it/page-diplome)
- Certificate issued by the competent University attesting to the exams passed or Diploma Supplement (where adopted). The certificate must be officially translated into Italian for enrollment in Italian-taught programs and into English for enrollment in English-taught programs.
- The summary of the pre-enrollment application as validated by the University (for non-EU students requiring a visa).

The candidate must possess the specific documentation regarding the qualification depending on the country that issued it. All information regarding the specific documentation is published on the CIMEA website at the following link: [https://cimea-diplome.it/page-require-documents](https://cimea-diplome.it/page-require-documents)

N.B.: In the case where a candidate for a degree program presents a foreign qualification obtained against studies predominantly carried out in Italy, the recognition, even partial, of such qualification is subject to the accreditation procedure of the institution operating in Italy, according to what is established by Decree April 26, 2004, n. 214 "Regulation containing criteria and procedures for foreign institutions of higher education operating in Italy for the purpose of recognition of the qualification issued by them (implementation of Article 4 of Law July 11, 2002, n. 148)", in implementation of Article VI.5 of the Lisbon Convention.

### 5.3 Pre-enrollment and study visa application for non-EU citizens residing abroad

Non-EU citizens residing abroad must submit their pre-enrollment application exclusively on the Universitaly platform ([www.universitaly.it](http://www.universitaly.it)), the only free and official portal of the Ministry of University and Research, to receive an entry visa for study purposes. In the application, you must indicate the degree program you wish to enroll in and the Embassy/Consulate where you will request the visa. The pre-enrollment will be verified by
the University and forwarded to the Embassy/Consulate. It is advisable to start well in advance to gather the documentation necessary for the visa issuance.

N.B.: Pre-enrollment does not in itself allow admission to degree programs. To enroll, it is mandatory to pass and succeed in the admission requirements verifications and admission tests required for the degree program.

5.3.1 Mandatory documents to upload on Universitaly

- Passport
- Passport-sized photo
- Letter of admission, where required
- Final school qualification obtained with at least 12 years of schooling for enrollment in bachelor’s degrees
- Final academic qualification and transcript of records with exams for enrollment in master’s degrees or Diploma supplement, where adopted
- The specific documentation regarding the access qualification to the course depending on the country that issued the qualification as indicated on the CIMEA website at the following link: https://cimea-diplome.it/page-require-documents
- Attestation of verification issued by CIMEA - https://cimea-diplome.it/page-diplome

If the country that issued the final qualification is on the list of signatories to the Lisbon Convention, you can present the Statement of Comparability, which can be downloaded free of charge by the candidate on the ARDI platform: https://ardi.cimea.it/it

If the country that issued the qualification is not on the list of signatories to the Lisbon Convention, it is mandatory to present the Statement of Comparability issued by CIMEA - https://cimea-diplome.it/page-diplome

The pre-enrollment application is considered as accepted with reservation by the University if the student is attending the last year of secondary school and is about to take both the final exam and/or the special academic eligibility exams where required.

Note:

- The preliminary acceptance of a candidate by the university does not confer any right to obtain the visa, as this process is the exclusive competence of the individual Diplomatic-Consular Representations;
- Obtaining a study visa issued by the competent Diplomatic-Consular Representation does not confer any right to the finalization of enrollment in a study course, as this process is the exclusive competence of the individual higher education institutions;
The preliminary acceptance of a candidate by the university does not confer any right to the finalization of enrollment, even in cases of:

- obtaining the relative visa;
- physical presence on national territory;
- eligibility and/or actual provision of scholarships/contributions of any kind;
- acceptance of the candidate under condition in order to start educational activities;
- given that for enrollment purposes, universities must verify the authenticity of the documentation produced.

5.3.2 Requirements for obtaining a study visa

In order to obtain a STUDY visa for University Enrollment (type D “national”) and, subsequently, a residence permit, the international student must demonstrate possession of the following requirements:

a) Economic means of subsistence for the planned stay. These means are quantified in the amount of 467.65 euros per month for each month of duration of the academic year, equal to 6,079.45 euros annually. The availability in Italy of such means of support must be proven through personal economic guarantees or those of parents or entities or Italian or foreign citizens regularly residing in the State, or provided by Italian Institutions and Entities of ascertained credit, including Universities, by local Governments, by foreign Institutions and Entities considered reliable by the Italian Diplomatic Representation.

b) The availability of the sum necessary for repatriation, which can also be demonstrated by showing the return ticket.

c) Suitable accommodation in the national territory.

d) Adequate insurance coverage for medical care and hospital admissions (Article 39 c.3 T.U. No. 286/1998 and Directive 01.03.2000 of the Ministry of the Interior), which the student must demonstrate possession of, at the time of requesting the residence permit.

The following formulas are allowed:

- Consular declaration attesting the right to health care that derives from an Agreement between Italy and the country of origin;
- Foreign insurance policy, whose forms of assistance provided are valid in Italy and which must not involve limitations or exceptions to the rates established for urgent hospital admission for its entire duration;
Insurance policy with national Entities or companies accompanied by a declaration from the insurance entity that specifies the absence of limitations or exceptions to the rates provided for urgent hospital admission for its entire duration.

5.3.3 Residence permit application
Within 8 working days of arrival in Italy with a D “national” visa for STUDY, the foreign student must submit the application for a residence permit to the competent Police Headquarters of the city where they intend to reside.

The application must be transmitted through the authorized Post Offices using the appropriate kit for residence permits, which is available at the same post offices.

At the time of submitting the residence permit application at the post office counter, the foreign student must pay the related charges and will receive the communication of the date and time of the appointment when they must present themselves at the Police Headquarters offices to undergo photo-dactyloscopic surveys. The Post Office issues the receipt of submission of the residence permit application which is equivalent to the receipt of submission of applications issued by the Police Headquarters and which, among other things, allows to certify the regular presence in Italy.

Attention: Only students in possession of an entry visa for study purposes who have completed enrollment will be able to obtain a residence permit for study.

5.4 Italian language proficiency test
Non-EU citizens residing abroad, requiring a visa for study, for enrollment in a program taught in Italian, must demonstrate an adequate level of Italian language proficiency for starting university studies.

Here is information on how to meet the Italian language proficiency requirement:

- Possess a five-year or four-year high school diploma obtained from Italian state and officially recognized schools abroad;
- Pass the Italian language test organized by our University. You can find all the information regarding the registration procedure for the test, deadlines, and registration fee in the “notices” section of the following link: https://web.uniroma2.it/it/percorso/studenti/sezione/studenti_internazionali

University for Foreigners “Dante Alighieri” of Reggio Calabria, also in agreement with Italian Cultural Institutes abroad or other accredited entities. These certifications can be obtained in the country of origin, at the agreed exam venues present worldwide.

There are cases of exemption from the Italian language test as indicated in the ministerial procedures published on the MUR website at the link: https://www.universitaly.it/studenti-stranieri

5.5 Reallocation of places for non-EU visa-requiring students for nationally programmed courses
Non-EU visa-requiring students who have not ranked in a useful position in the rankings within the deadlines set in the calendar referring to nationally programmed courses can, following the publication of still available places, submit only one application for:

a) admission to another university course at the same university;

b) reallocation, for the same university course or another, to another university.

Applications referred to in letter b) must be submitted by candidates to the Rector of the chosen University, as well as to the Rector of the University where the admission exam was taken.

Candidates who do not pass the tests or do not obtain either admission to another university course or reallocation to another location must leave Italy by and no later than the expiration of the visa or residence permit for study, unless they have another residence permit that allows them to legally remain in the national territory beyond that date.

At the end of the procedure, you must go to the Student Office of your degree program (or, alternatively, book an appointment for a video counter) for verification of the authenticity of the information entered on Delphi. We remind you that the renewal of the residence permit must be requested from the Police Commissioner of the Province where you reside at least sixty days before the expiration. To know the requirements for such renewal, you can consult the current procedures for entry, stay, and enrollment of international students at the following link: [https://www.studiare-in-italia.it/studentistranieri/](https://www.studiare-in-italia.it/studentistranieri/) - part IV point 4)
Chapter 6 – Registration in academic years following the first

If you are a non-EU student in possession of a type “D” study visa, you must, within eight working days of your arrival in Italy, submit the application for a residence permit for study to the competent Police Headquarters of the city where you intend to establish your residence. The receipt of the related payment must be delivered, along with the study documentation, to the International Students Office to complete the enrollment.

At the end of the procedure, you will have to make an appointment with the Student Affairs Office of your school to verify the authenticity of the information entered in Delphi.

6.3 - Deferment of enrollment terms for graduating students (PRECAUTIONARY APPLICATION)

If you intend to graduate in the winter session or in the last useful session of the 2023/2024 academic year, a rule of favor allows the student to defer enrollment for the 2024/2025 academic year. To all effects, you must fill out an enrollment application for the 2024/2025 academic year, checking the “PRECAUTIONARY APPLICATION” box.

It is possible to carry out the procedure only if you are up to date with university fees and contributions for the previous academic year. Random checks will be carried out on precautionary application requests to verify if the student actually lacks a number of CFUs compatible with the possibility of graduating in the winter session. Any abuse of the precautionary request will be prosecuted.

DEADLINE

The precautionary application must be completed, validated and retained by the student by 31 December 2024. This application must not be submitted to the Student Affairs Office of your School.

INSTRUCTIONS ON THE “PRECAUTIONARY APPLICATION” PROCEDURE

a. Access the Delphi website: http://delphi.uniroma2.it;
b. Select Student Area, Key 3 - “Enrolment in year two and following years”;
c. Enter your matricola number and your password to access your personal area;
d. Edit or validate existing data;
e. Tick the “Precautionary enrollment” box;
Chapter 6 – Registration in academic years following the first

f. Select “Print”: the system will print your request and your first instalment payment slip;
g. Pay the said fee through the PagoPA system, which offers several payment options (both traditional and online). Links and further information can be found on the following website studenti.uniroma2.it/pagamento/
h. Access the Delphi Online Services website again and confirm your payment by tapping “Convalida PagoPA” within 48 hours of the payment date
i. For students who are exempt from paying university fees, a deposit slip marked €0 must be used for confirmation.

VERY IMPORTANT

In order to benefit from the tuition fee waiver in the event that you have submitted a “precautionary application” but have not managed to graduate on time, you must still authorise the University, via your reserved area of the Delphi portal, to obtain the necessary ISEE University certificate from the INPS database by 13 DECEMBER 2024.

If you have registered for the academic year 2024/2025 without applying for deferred registration (precautionary registration), it is still possible to make a late request by formally submitting it to the relevant Student Affairs Office no later than 31 January 2025. Your application will be considered for acceptance. In this case, if your application is accepted, you may also request a refund of the amount paid, less the regional fee, stamp duty and commission.

Reimbursement of the regional fee must be requested directly from the Discolazio regional body.

It is also reminded that enrollment in the 2024/2025 academic year in precautionary mode allows taking exams related exclusively to the 2023/2024 academic year.

CANCELLATION OF PRECAUTIONARY APPLICATION

If you do not graduate in the final session of the 2023/2024 academic year, you will have to access again your Delphi personal account (https://delphi.uniroma2.it) and cancel your “Precautionary Application”. The system will cancel the said application and you will be able to proceed with your registration for the 2024/2025 academic year. In this way, you will be issued with a payment slip for the first instalment of tuition fees, which must be paid and validated in order for the system to generate the payment slip for the next instalments.

The first and second instalments must be paid by 5 June 2025 at the latest.

A penalty of €100 will be charged for each payment made after the due date.

The penalty will be automatically added to the next instalment.

6.4 – Registration as a part-time student

If for reasons of work, family, medical, personal, and similar, you believe you cannot dedicate to attendance and study the annual hours provided as standard of commitment, it is possible to choose to enroll part-time.
Chapter 6 – Registration in academic years following the first

The student who chooses the part-time regime sees an increase in the years of the course in the face of a reduction in the contribution equal to 30% of the taxation provided for the contribution class of the degree program. For more details, consult Chapter 7 – Tuition fees

The choice of part-time is irrevocable, while students already enrolled, for a number of years less than the normal duration of the course plus 1, full-time can opt for part-time.

The 30% reduction for part-time students cannot be added to the exemptions listed in the chapter 7.6.2 – Partial exemptions

When can you choose the part-time option?
The part-time option can be applied for at the beginning of any academic year after enrolment in the first or subsequent year. Students who choose this option at the time of enrolment or at the time of enrolment in subsequent years must apply by 31 December 2024.

Before submitting the application, it is necessary to check whether and under what rules the course allows part-time study by consulting the relevant Education Regulations. Part-time enrolment is only possible from the second year of study in health-related courses.

Normal duration and agreed duration

It is possible to request part-time after enrollment and agree on a training path of duration equal to double the remaining years compared to the normal duration of the degree program, compatibly with any limits provided by the educational regulations.

At the end of this period, the student is placed out of course with a part-time regime. They will still be able to benefit from the 30% reduction, but it will be calculated on the “maximum taxation” of the degree program. For more details, consult Chapter 7 – Tuition fees.

VERY IMPORTANT - In case you:

- earn more than 36 ECTS credits (CFU), you will not be considered for a reduction that year;
- earn the number of ECTS credits (CFU) required for the defence of your thesis before the end of the part-time study period, you will have to pay the fees for the entire period specified.

the part-time option cannot be considered in any way different from the normal duration of a university course, e.g. in terms of repayment of years for pension purposes. The certificate will therefore indicate the ‘normal’ length of study from a legal point of view.

INSTRUCTIONS ON YOUR PART-TIME REGISTRATION PROCEDURE
Chapter 6 – Registration in academic years following the first

b. Select Student Area, Key 3, “Enrolling part-time”
c. Fill in the online application regarding the part-time option.

Your request will be received by the Student Affairs Office, which will check the validity of the information contained in the request before forwarding it to the Didactic Structure Committee (Consiglio di Corso di Studio). This committee must decide whether or not to accept the request for part-time study and may also make a didactic proposal to help you better organise your studies. Once the Student Affairs Office has received the committee’s decision, you will be invited to sign the contract. You will also have to provide a self-certification of the professional, family, medical or personal reasons that have led you to choose a part-time solution.
Chapter 7 – Tuition fees

Tor Vergata University of Rome, in accordance with Article 1, paragraph 254 of Law No. 232 of December 11, 2016 “State budget forecast for the financial year 2017 and multi-year budget for the three-year period 2017-2019”, has defined student contribution levels for degree programs respecting the principles of equity, graduality, and progressivity, in order to guarantee the right to study and reward commitment and merit.

For the 2024/2025 academic year, tuition fees will be determined as follows:

A) A flat-rate fee, considering your family’s financial situation (reflected in the ISEE University Certificate), the chosen degree program, your academic progress within the program (measured by ECTS credits earned), and the year you began your studies (academic cohort). The flat-rate fee is determined by the fee class of each program, as shown in the table below:

Understanding Your Contribution Class and Tuition Fees:

This guide outlines the three types of taxation applied to each contribution class, based on your earned ECTS credits and years of study.

I. **Ordinary Taxation** applies to students enrolled in:
   - The current academic year (2024/2025).
   - The previous year (2023/2024), with at least 10 ECTS credits (6 for part-time students) earned between August 10, 2023, and August 10, 2024.
   - Up to one year late after program completion, with at least 25 ECTS credits (18 for part-time students) earned in the same period.

**No Tax Area:** Students with a University ISEE-U certificate below €26,000.00 pay no tuition fees under ordinary taxation.

**Partial Exemptions:** Students with an ISEE-U certificate between €26,000.00 and €30,000.00 receive a partial exemption, calculated based on their ISEE band and contribution class:

<table>
<thead>
<tr>
<th>ISEE-University</th>
<th>% Discount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Between 26,000 and 28,000 Euros</td>
<td>60</td>
</tr>
<tr>
<td>Between 28,001 e 30,000 Euros</td>
<td>55</td>
</tr>
<tr>
<td>Higher than 30,000 Euros</td>
<td>0</td>
</tr>
</tbody>
</table>

II. **Higher taxation rate** applies to students who do not fall under ordinary taxation, are enrolled after one year of program completion, and have earned at least 12 ECTS credits (less than 6 ECTS credits for second-year students) between August 10, 2023, and August 10, 2024.
Partial exemptions: students under higher taxation with a family ISEE-U between €20,000 and €30,000 qualify for a partial exemption, calculated based on their ISEE band. The partial exemption quota is calculated as follows:

<table>
<thead>
<tr>
<th>ISEE</th>
<th>% discount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to €20,000.00</td>
<td>100</td>
</tr>
<tr>
<td>Between €20,000.00 and €22,000.00</td>
<td>80</td>
</tr>
<tr>
<td>Between €22,000.00 and €24,000.00</td>
<td>50</td>
</tr>
<tr>
<td>Between €24,000.00 and €26,000.00</td>
<td>30</td>
</tr>
<tr>
<td>Between €26,000.00 and €28,000.00</td>
<td>20</td>
</tr>
<tr>
<td>Between €28,000.00 and €30,000.00</td>
<td>10</td>
</tr>
</tbody>
</table>

III. Maximum taxation applies to students not subject to ordinary or higher taxation and who:

- enrol more than two years after program completion.
- enrol after one year of completion but **without at least 12 ECTS credits** (less than 6 for second-year students) earned between August 10, 2023, and August 10, 2024.

Tuition fees are determined by your University ISEE certificate as follows:

- For ISEE between €0 and €90,000.00: the fee varies proportionally based on your contribution class and course’s taxation type.
- For ISEE above €90,000.00 or without an ISEE certificate: you pay the maximum amount for your contribution class and course’s taxation type.

**A) Students without an ISEE Certificate**: As per DPCM n. 159 of 2013, Article 8, paragraph 5, you will pay an additional fixed annual contribution based on your country of origin in addition to the regional tax and stamp duty, as follows:

- €500.00 for “developing countries” defined in MUR Decree no. 115 of 13 February 2024\(^5\) and its updates;
- for both Italian and international students with foreign income.

---

B) For students enrolled before the 2020/2021 academic year: students for whom the ISEE calculation is inapplicable pursuant to Article 8 paragraph 5 of DPCM 159/2013, are required to pay, in addition to the regional tax and stamp duty, a fixed annual comprehensive contribution based on the country of origin, structured as follows:

- € 500.00 for students from so-called developing countries as defined by MUR Decree No. 440 of 13/02/2024 and subsequent updates;
- €1,000.00 for all other international students or Italians with income abroad.

C) Starting from the 2020/2021 matriculation year, for international students or Italians with income abroad, for whom the ISEE calculation is inapplicable pursuant to Article 8 paragraph 5 of DPCM 159/2013, in addition to the regional tax and stamp duty, are required to pay:

b. For all other courses not included in point a) the fixed annual comprehensive contribution based on the country of origin, even if in possession of the Discolazio scholarship, as follows:

c. € 500.00 for students from so-called developing countries as defined by MUR Decree No. 440 of 13/02/2024 and subsequent updates;

d. € 1,000.00 for all other students;

D) Starting from the 2024/2025 matriculation year only, for the Global Governance Degree Course, international students or Italians with income abroad, for whom the ISEE calculation is inapplicable pursuant to Article 8 paragraph 5 of DPCM 159/2013, in addition to the regional tax and stamp duty, are required to pay the fixed annual comprehensive contribution of € 4,500.00, even if in possession of the Discolazio scholarship.

Online or blended courses at the School of Humanities (Lettere e Filosofia)

ATTENTION

To facilitate understanding of the taxation, a Fees Simulator has been prepared, available at the following address [http://studenti.uniroma2.it/](http://studenti.uniroma2.it/) (under the “Fees” menu).

7.1 - Verification of credit requirements for the calculation of tuition fees

The evaluation for merit (ECTSs acquired) is carried out automatically and does not require submission of an application. Therefore, the ECTSs must be accrued in the twelve months preceding the date of August 10 prior to the relative enrollment. For this purpose, reference is made to exams verbalized and recorded by that date, with the exception of credits obtained following attendance of curricular internships by students enrolled in degree courses enabling healthcare professions: the credits will be considered even if recorded at later dates but no later than September 30.

The credit rating system (i.e. the number of ECTS credits earned) is calculated automatically and does not require an official application from students. The ECTS credits (CFU) must have been earned within the 12 months prior to 10 August before enrolment. Only exams officially registered within the above-mentioned period will be considered, with the exception of credits earned after a work placement completed by students of Health Sciences courses. In this case, credits will be counted even if they are registered after 10 August and before 30 September.

In the case of integrated exams, the credits relating to all the tests that constitute each integrated exam must be achieved and validated by the date of August 10.

Exams taken and credits obtained by students of the University at foreign universities within exchange programs are taken into consideration only if validated or recognized in the twelve months preceding the date of August 10 prior to the relative enrollment.

7.2 - Payment and deadlines for tuition fees

Students who wish to benefit from the services of Tor Vergata University of Rome must be correctly registered and up to date with the payment of their tuition fees.

Students who have not paid their fees in time will not be able to:
- take exams;
- obtain a certificate of academic achievement;
- transfer to another university.

Fees and contributions must be paid as follows:

a. **First instalment**

   All students (except those who are exempt) must pay the first instalment, which includes:
   1. €16 stamp duty;
   2. €140 regional fee;
3. tuition fees, which vary according to the type of taxation:
   a. Ordinary taxation: € 0
   b. Higher taxation: € 200
   c. Maximum taxation: € 332

See below for an example of how to calculate the first instalment.

- **Deadline for payment of the first instalment:**

  For first year students, the first instalment must be paid during the enrolment process. If not specified in the Course Call, the first instalment must be paid by 6 November 2024.

  For registration in the academic years following the first, the first instalment must be paid by 6 November 2024.

  The first payment slip will be issued by the Delphi platform in the section designated for registration in the first or subsequent academic years.

**Penalties**

A late payment penalty will be automatically added to your next instalment:
- € 50.00 for payments made by 31 December 2024
- € 100.00 for payments made after this date.

b. **Second instalment**

The amount of the second instalment depends on the contribution class of the degree course, the type of taxation (ordinary, higher or maximum) and the University ISEE certificate.
PRINT OF SECOND INSTALMENT PAYMENT SLIP

a. Access the Delphi Online website: http://delphi.uniroma2.it
b. Select “Student Section”, key 4 “Manage Career online”
c. Select “Payment of Taxes and contributions”
d. Print the payment order
e. Pay the fee due via the PagoPA system. Links and further information are available on the following website: studenti.uniroma2.it/pagamento/
f. Within the following 48 hours, link again to the Delphi Online Services website and confirm your payment by tapping the “Convalida PagoPA” option.

• **Deadline for payment of the second instalment:**

  The second instalment can be paid in two ways:
  a. Split into two payments (default option)
     - 50% by 31 March 2025
     - 50% by 31 May 2025
  b. A single payment by 31 March 2025 if you have previously chosen the “pagamento in un’unica soluzione” (single payment) option or if the second instalment is less than €300.

**Penalties**

In the event of late payment, a penalty will be automatically added to your next instalment as follows:
- 50 € for payments made within one month of the due date;
- 100 € for payments made more than one month after the due date;

**ATTENTION:** It is important to remember that penalties for late payment can be avoided if you ensure that all instalments are paid on time. In the event of a recalculation of the instalments, the balances/refunds will be made at the students’ request.

In order to better understand the taxation system, a fee simulator can be found here: http://studenti.uniroma2.it/ (under the menu “Tasse e agevolazioni”).

**7.3 – Payment methods**

Tuition fees can be paid using the **PagoPA system**. The PagoPA system guarantees electronic payments to the public administration.
Chapter 7 – Tuition fees

Payments can be made in the following ways:
- Online, using your credit card at utov.it/pagopa;
- via APP IO of PagoPA if you have SPID credentials;
- via home/mobile banking through the CBILL circuit or members of the PagoPA system;
- at any bank branch or ATM that allows you to pay through the CBILL circuit and that is a member of the PagoPA system;
- in Sisal/Lottomatica betting shops.

It is possible to pay PagoPA orders at Poste Italiane offices.
The updated list of Payment Service Providers (PSP) where you can pay with PagoPA can be found at the following link: https://www.pagopa.gov.it/it/dove-pagare/

**After payment, students must access their Delphi Online account and confirm their payment.**
Information on payment methods is available at the following link: studenti.uniroma2.it/pagamento/

---

**ATTENTION**

Only use the payment slip issued by the system at the time of enrolment/registration. Any other payment (e.g. by direct bank transfer) will not be taken into account for enrolment and will not be refunded.

**7.4 – University ISEE**

Students wishing to apply for the tuition fee waiver must authorise the University to consult the INPS database to obtain the value of their ISEE certificate (which must have been issued before the specified deadline) via their reserved area of the Delphi platform. **The deadline for this procedure is 13 December 2024.**

Students who choose not to apply for a reduction in tuition fees, or who do not provide a valid ISEE certificate, or who do not authorise the INPS database to be consulted, or who have an ISEE certificate with a value in excess of €90,000, will automatically be charged the maximum fee for their fee category.

The University will not accept ISEE certificates that
- have expired and are therefore invalid;
- are not valid for university study (your ISEE certificate must clearly state “Si applica alle prestazioni agevolate per il Diritto allo Studio Universitario - This document is applicable for the purpose of university student benefits”).

ISEE certificates with gaps or discrepancies may be acquired through a process in which the student enforces the acquisition of the value. Students are responsible for any subsequent verification. The University reserves the right to request additional documentation.
Chapter 7 – Tuition fees

Upon receipt of the ISEE certificate, the tuition fees will be recalculated. No new certificates will be accepted for the remainder of the academic year (i.e. the University will only accept one ISEE certificate per year).

7.4.1 – What is the University ISEE certificate and what is it for?

The ISEE certificate (Indicatore Situazione Economica Equivalente - Equivalent Economic Situation Indicator) is the tool used to assess the economic situation of people applying for subsidised social benefits. It is reserved for students from EU and non-EU countries who belong to a family unit with a declared income in Italy. The ISEE certificate can be obtained by combining and considering three elements: income, assets and family unit. If their parents are not part of the family unit, students may be considered as single family members for tuition fee purposes only in the following cases:
- Students have not lived in the original family home (or in a house owned by a family member) for at least two years since enrolment;
- Students have a sufficient income (9,000 euros per year).
If at least one of the above conditions is not met, students are considered to be members of their parents’ family.
In accordance with current legislation, the only ISEE certificate considered valid for the calculation of tuition fees and other benefits granted by the University is the ISEE University Certificate.

7.4.2 – How to apply for the University ISEE

To obtain the ISEE certificate for study purposes (ISEE-University), students must complete the form 'Dichiarazione sostitutiva unica (DSU) integrale'.
The DSU contains information about the family and its members, as well as the assets and income of each family member. It must be filled in and submitted to the following offices:
- Centri di Assistenza Fiscale (CAF);
- INPS, also online via the INPS portal.

Once the DSU has been completed and submitted, students must wait an average of ten working days to receive their ISEE University Certificate.
As a lot of information about property, assets and income has to be collected to complete the DSU, the process can be time consuming. Students should submit their DSU as soon as possible to the CAF office, which will issue the ISEE-University Certificate.
The university is not authorised to provide a direct DSU service.
Once either INPS or CAF has issued the ISEE-University Certificate, students must check on their Delphi page that the uploaded document is correct and check the amount to be paid in the second instalment.
Chapter 7 – Tuition fees

If there are any errors, students must report them to the following email address: caf@uniroma2.it.

7.4.3 – The ISEEUP – University ISEE Parificato

In order to benefit from the tuition fee waiver and when enrolling for the first or subsequent year, EU students belonging to a family unit with their income earned abroad must apply for the ISEE Parificato certificate at any national CAF office by 13 DECEMBER 2024.

To obtain an ISEE Parificato certificate, students must provide information on their income and assets in Italy (if any) and on the income and assets (earned abroad) of each member of their family. These documents must be issued by the competent authorities in the country where the income is earned. They must also be officially translated into Italian by the Italian diplomatic authorities of the country concerned, together with the income expressed in €.

In those countries where it is difficult to obtain such documents, they can be requested from the foreign diplomatic authorities in Italy and certified by the Prefecture in accordance with art. 33 DPR no. 445 of 28 December 2000.

In the case of international students who come from one of the particularly poor countries listed in the regulations in force, the assessment of the income requirement is carried out on the basis of documents issued by the Italian representation in the country of origin certifying that the students do not belong to a family known for its high income and high social level (DPCM 9/4/2001).

Once the ISEE equivalent certification has been obtained, the student must upload a copy of the ISEE-University equivalent issued by the CAF, a copy of the family status and a copy of the certificates used for the issuance of such certification (written in the mother tongue, legalized and/or apostilled and officially translated into Italian) on the ApplyNow system, connecting with the same credentials used for Delphi at the following address: https://applynow.uniroma2.it/login

For further information on ISEE-University, consult paragraph 7.5 of this Handbook or visit the website http://studenti.uniroma2.it/.

In case of need, contact the Welcome Office (welcome@uniroma2.it).

7.4.4 - Deadline for the ISEE-University submission

The ISEE-University certification for university education rights must be requested by December 13, 2024. As soon as the ISEE certification is obtained, the student must, through the Delphi portal, authorize the University to acquire the ISEE-U from the INPS portal within the period of validity of the certification.

Students who are already in possession of a valid ISEE-University do not need to request a new ISEE-University certification for enrollment in the 2024/2025 academic year but will have to authorize the University to acquire the ISEE-University certification from the INPS database through their personal area of the Delphi portal by December 13, 2024.
Therefore, the student DOES NOT HAVE TO present any paper or electronic document to the University Offices. Any ISEE-University certification presented to the offices or sent by email/pec will not be taken into consideration and will not interrupt the presentation terms.

**ATTENTION**

International students with a family unit and income in Italy who are unable, at the time of enrollment and/or registration for subsequent years, to authorize the University to withdraw the tax data from the INPS Database must, within the above-indicated deadlines (13/12/2024) contact the General Coordination of Student Secretariats (segreteriestudenti@uniroma2.it) to unblock the function.

If the ISEE-university and the equivalent ISEE have, as a release date, a date subsequent to the deadline of December 13, 2024, it will still be possible, in case of ISEE-U still valid, to authorize the University to withdraw the tax data from the INPS database for the recalculation of fees later, but a penalty will be applied for the delay as reported in the following table:

<table>
<thead>
<tr>
<th>Application date</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>From 14 December 2024 to 15 March 2025</td>
<td>€ 150</td>
</tr>
<tr>
<td>from 16 March 2025 to 31 May 2025</td>
<td>€ 200</td>
</tr>
</tbody>
</table>

**ISEE university certificates issued after 31 May 2024 will not be accepted.**

**Combined Penalties:** Late ISEE University Certificate penalties are cumulative with other penalties, such as late tuition fee payments.

**Exceptions:**

Late certificate penalties do not apply in the following cases:

- Enrolling after December 1, 2024 (undergraduate, postgraduate, and single-cycle programs).
- Enrolling after December 1, 2024 due to changes in ranking lists or later admission tests.
- Enrolling after December 31, 2024 as a transfer student.

Please keep your ISEE University Certificate for future verification by the University. Tor Vergata University of Rome carries out precise checks on ISEE declarations. In case of false declarations, students will be prosecuted according to current legislation on the matter.

**ATTENTION**

After acquiring the ISEE-University certification, fees will be recalculated and new attestations cannot be entered for the entire academic year. The student will not be able to make new authorizations in order to
request new acquisitions. It is also reminded that in application of Legislative Decree no. 68 of March 29, 2012 art. 10 paragraph 3, anyone who, without being in the conditions established by state and regional provisions, presents untruthful declarations, their own or of family members, in order to benefit from the related interventions, is subject to an administrative sanction consisting in the payment of a sum of triple amount compared to that received, or the value of services unduly used, and loses the right to obtain other disbursements for the duration of the course of studies.

7.4.5 – Recommentations

- **If you have applied for a DISCOLAZIO scholarship**: in the event that the scholarship is not awarded or is withdrawn, in order to have your tuition fees waived, you must authorise the University to consult the INPS database through your reserved area of the Delphi platform in order to obtain your University ISEE certificate. **The deadline for this procedure is 13 December 2024.**

- **If you register with “domanda cautelativa” (precautionary enrolment)**: in order to be exempted from tuition fees on the basis of your income, and in case you fail to graduate on time, you must authorise the University to consult the INPS database in order to obtain your University ISEE certificate via the reserved area of your Delphi portal. **The deadline for this procedure is 13 December 2024.**

7.5 - Exemptions and Eligibility

Several categories of students are eligible for **full** or **partial** tuition fee exemptions at Tor Vergata University of Rome. Please review the details below to determine if you qualify.

7.5.1 – Full exemption

The following types of exemptions are to be considered for the students who are enrolled in Bachelor’s, Master’s and Single-cycle degree programs.

**A. Students with disabilities**

Students with recognized disabilities equal to or greater than 66% or with recognition of handicap pursuant to Article 3, paragraphs 1 and 3 of Law No. 104 of February 5, 1992, are totally exempt from paying university fees for enrollment and registration in subsequent years. The disability must be demonstrated by appropriate documentation issued by the competent authority, which must be presented to the Technical Secretariat of the **Commission for the Inclusion of Students with Disabilities and SLD** (CARIS) via del Politecnico, 1 (Faculty of Engineering).
Chapter 7 – Tuition fees

Pursuant to Article 5 of the Decree of the President of the Council of Ministers of May 7, 1999, No. 221, and subsequent modifications, among the disabled with disabilities greater than 66% are included war mutilated and disabled and service disabled belonging to categories from First to Fifth.

B. Victims of organised crime and terrorism and victims injured in the line of duty
Civilian disabled or children of civilian disabled due to acts of terrorism committed and organized crime in Italy are exempt from university contributions for enrollment and registration in subsequent years.
Victims of crime and terrorism, by virtue of Presidential Decree 7/7/2006 No. 243, are equated to victims of “duty” and respective surviving family members and children of beneficiaries of disability pension (100% disability) pursuant to Article 30 of Law 118/1971.

Capitolo 8 – During your career

This section describes events and situations that may occur during your studies and the administrative requirements that may apply.

8.1 - Interruption and resumption of studies

B. Interruption due to serious and prolonged illness.

8.2 – ALIAS career for transgender students

Tor Vergata University of Rome offers the “ALIAS career” program, supporting transgender students in creating a respectful and inclusive learning environment. Established in 2016, this initiative acknowledges the importance of personal identity and aims to foster peaceful coexistence based on fair treatment and mutual respect.

What is the ALIAS career?

This temporary program provides transgender students with the option to establish an “alias career” profile. This profile grants them a temporary identity, chosen by themselves, while awaiting any potential legal gender reassignment process. This involves:

- New student ID: An official ID badge featuring the chosen first and last name and student ID number.
- Administrative support: Guidance and assistance throughout the administrative procedures.

Important notes:

The ALIAS career is a preliminary step before legal gender reassignment. Following legal changes, official university records will be updated accordingly.

This program serves to ensure a smooth and respectful transition for transgender students within the university community.

For further information and support:

For further information, contact Dr. Gabriella Rossi (gabriella.rossi@uniroma2.it)

8.3 – Withdrawal from studies

Withdrawal is a formal and irrevocable act by which students decide to interrupt their studies. It is important to know that you:

- Can withdraw at any time during the year;
- Are not obliged to pay any outstanding university instalments and cannot request a refund of any instalments already paid.

---

8 Foreign students - MUR Ruling (Circ. Prot. 7802 of 24 March 2014): “When foreign students already enrolled in an Italian university have discontinued their studies and wish to re-enrol in the same university, they cannot use the residence permit issued for their previous enrollment. When students officially stop their studies, the grounds for their original residence permit are no longer valid and their permit is therefore cancelled” (see art. 5(3), (4) and (5) of Legislative Decree No. 286 “Consolidated Law on the provisions relating to immigration regulations and norms concerning the status of foreigners” and subsequent amendments).
If your record shows examinations taken in years when you were not up to date with fees, these will be automatically cancelled. However, before cancellation you have the opportunity to regularise your situation in order not to lose the ECTS credits you have earned.

You will still be able to obtain the certificates relating to your career with the obligatory note of withdraw.

**HOW TO WITHDRAW FROM YOUR STUDIES**

a. Complete the evaluation questionnaire on the Quest Test website: http://www.quest.uniroma2.it
b. Select item 401 - Career Closure
c. Keep the questionnaire code (CQ) issued by the system (NB: the CQ is valid for five days from the date of completion of the questionnaire, after which the questionnaire must be completed again).

f. Select “Career Closure” in the appropriate box
g. Enter your Questionnaire Code (CQ);
h. Print your resignation request;
i. Submit your Withdrawal Form, a stamp fee (16 €) and your Transcript of Records (Libretto, if you have one) to the Student Affairs Office.

**8.4 – Forfeiture of studies**

When eight consecutive academic years have elapsed since the date on which the student took the qualifying examinations\(^9\), provided that they were recorded, he/she is considered to have lapsed.

The eight years are counted from the date of the last examination taken or from the academic year of the student’s last enrolment, whichever is more favourable.

For courses in the field of health, forfeiture does not occur from the date of the last examination taken, but the student forfeits nine years after enrolment.

**Forfeiture also occurs if the student continues to pay tuition fees.**

**Forfeiture does not occur if the student has passed all the profit exams and only owes the final exam, except for courses in the health field.**

---

\(^9\) Qualifying examination and/or integrated course: only when the entire examination has been registered, even with the mark “FAILED”. Passing parts of exams does not interrupt the forfeiture.
8.5 - Resumption of studies with recognition of examinations after forfeiture/withdrawal

If you wish to resume your studies after forfeiture or withdrawal, you will be considered in all respects as a student applying for enrolment and will be subject to the rules for enrolment in the first year. Any recognition of credits earned will be made by the relevant Course Council, subject to verification that they are not obsolete.

**Instructions for resuming studies after the deadline or after official discontinuation**

a. Download the resumption form for students who have missed a deadline or who have officially withdrawn from their studies from the following link: https://studenti.uniroma2.it/moduli-per-studenti/

e. The submitted request will be considered by the Course Committee for full or partial recognition of your ECTS.

f. The Student Affairs Office will inform you of the Committee’s decision, after which you may re-register.

Once your examinations have been partially or fully recognised, you must pay a €500 tuition fee in addition to the enrolment fees within 15 days of receiving notification from the course committee.

The request for the recovery of your ECTS credits after the interruption of your studies must be made at the same time as your re-enrolment.

**ATTENTION:** Your credits (CFU) cannot be restored by enrolling in subsequent years.

8.15 Student Caregivers

Tor Vergata University of Rome, pursuing the objectives that inspire the Ethical Code of Conduct, aims to guarantee support for study and full inclusion for students who perform the role of family caregiver, i.e., caretaker of a family member with disabilities unable to independently carry out daily activities. The caregiver faces commitments and difficulties that can have a significant impact on their university career: less time to devote to study, impediments to leaving home, situations of worry, anxiety, mental load, and psychophysical manifestations of discomfort resulting from the overload of responsibilities. To support these students, the University defines with them an educational path that enhances their commitment to the family and recognizes the social value of the care work provided, to guarantee their full inclusion and ensure maximum enjoyment of the university experience.

With Rector’s Decree No. 259/2023, the “Regulation for study support and inclusion of students who perform the role of family caregiver - SOIN Project” was issued.

Who can request the activation of a SOIN Path as a family caregiver?

Students of bachelor’s, master’s, and single-cycle degree courses, regardless of income, who fall within the definition indicated by Law 27 December 2017 n. 205, art. 1, paragraph 255: “... Family Caregiver is defined as the person who assists and takes care of their spouse, the other party in a civil union between persons of the same sex or the de facto cohabitant pursuant to law 20 May 2016, n. 76, of a family member or relative up to the second degree, or, only in the cases indicated in article 33, paragraph 3, of law 5
February 1992, n. 104, of a family member up to the third degree who, due to illness, infirmity or disability, including chronic or degenerative conditions, is not self-sufficient and able to take care of themselves, is recognized as invalid as they need global and continuous long-term assistance pursuant to article 3, paragraph 3, of law 5 February 1992, n. 104, or is entitled to attendance allowance pursuant to Law 11 February 1980 n. 18”.

**How to request the activation of a SOIN Path as a family caregiver?**

Students who intend to request the activation of a study path as a family caregiver must complete the SOIN model (available at the following link, https://www.studenti.uniroma2.it/caregiver/), and send it via email to soin@cug.uniroma2.it. The application must be submitted by students enrolled in the current academic year from September 1st to September 30th of each year. For students enrolled for the first time, the terms are September 1st / November 30th.

The request will be handled by a special internal Commission of the C.U.G. - Unique Guarantee Committee for equal opportunities, well-being enhancement, and against discrimination of the University. The following documentation attesting to the family caregiver situation must be attached to the model:

- Declaration pursuant to D.P.R. 445/2000 of being in the condition provided for by the law (art. 1 paragraph 255 of Law n. 205/2017);
- Recognition of invalidity pursuant to art. 3, paragraph 3 of Law 104/2015 relating to the indicated family member or recognition of entitlement to attendance allowance pursuant to Law 11 February 1980 n. 18 relating to the indicated family member;
- Declaration pursuant to D.P.R. 445/2000 attesting to the absence, within one’s own family unit, of additional members who benefit from the benefits related to the assisted family member.

**What does the SOIN Path provide for student caregivers?**

The activation of the study path as a family caregiver occurs following:

- Initial assessment by the CUG of the documentation received through the SOIN model and an introductory interview aimed at understanding the actual and specific needs of the requesting student;
- If the applicant wishes, a further interview with the psychological support service active at the Tor Vergata Polyclinic;
- Joint signing of a confidential agreement by the applicant and the head of the “Teaching and Student Services” Directorate;
- Registration of the student in the Register of caregiver students, specially established at the C.U.G.

Internships and Apprenticeships

The “Ufficio Rapporti con le imprese, Stage e Placement” of Tor Vergata University of Rome offers activities aimed at promoting its own students and graduates on the labour market. To this end, it cultivates relations with companies and institutions with the objective of accompanying students and graduates on the path to their future employment.

By holding recruiting and career days, students and graduates have the opportunity to contact companies directly and learn about a profession even before they have acquired their qualifications. In this way, they can complete internships and apprenticeships, apply for study awards or scholarships and get to know job offers from Italian and foreign (inter)national companies and institutions.

For the procedures required to complete internships and apprenticeships, students can contact each faculty/macro-area as follows:

- [www.placement.uniroma2.it](http://www.placement.uniroma2.it)
- [placement@uniroma2.it](mailto:placement@uniroma2.it)
- Tel. 06 72592627/3066/3650/3206
8.17 – Examination, verification and certifications

8.17.1 – Examinations

Each course in your study program (official or individual curriculum) requires an examination for assessment and passing. Examinations are graded on a scale of 18/30 (minimum pass) to 30/30 (maximum), with the possibility of earning special distinction (“cum laude”). Periodic examinations in some courses also contribute to the final grade. Successfully passing an examination awards you the designated ECTS credits for that course. Examinations are held at various intervals throughout the semester and publicly announced. Specific format and procedures vary by course and teaching structure. Some courses may offer limited exam dates based on the schedule and may require retaking the course upon failure. Written examinations can involve quizzes, multiple-choice tests, etc., while oral examinations are open to the public.

To be eligible for examinations/assessment tests, you must:

1. Be enrolled in the approved study program.
2. Possess a certificate of attendance if required by the course.
3. Meet the compulsory examination order requirements.
4. Have paid all fees and taxes.

Exams taken without meeting all requirements will be invalidated. You will be notified in writing if your exam is cancelled. Passed examinations cannot be repeated. Failing an exam results in a “withdrawn” or “failed” notation on the transcript, but no grade. This notation does not affect your final GPA. Present your university transcript (Libretto universitario) and approved study plan (if requested) when attending exams.

8.17.2 – Study plan and exam registration

Your study plan outlines all the educational activities (classes, labs, etc.) needed to earn your degree. Each course involves exams, some mandatory and set by university bodies, while others you choose freely. Together, these mandatory and chosen exams form your personalized study plan, leading to the required number of ECTS credits for graduation.

You can tailor your plan by selecting certain exams from provided lists (optional exams) or freely choosing others. Exam bookings are conveniently done online, 30-4 working days before the exam date. Date information is always available.

The online exam booking system is directly linked to a results registration service. This automated system greatly reduces the time for registering student results and issuing certifications.

8.17.3 – Dissertation defense

Defending your dissertation requires fulfilling both academic and administrative conditions:

8.17.5 – Diploma Supplement

The University offers a bilingual (Italian-English) version of your degree certificate, the Diploma Supplement. This additional document provides an English translation of your qualifications for enhanced international recognition.

HOW TO GET YOUR DIPLOMA SUPPLEMENT

Developed by the European Commission, the Council of Europe, and UNESCO/Cespes, the Diploma Supplement aims to:

- Enhance international transparency of qualifications
- Promote student mobility
- Facilitate academic and professional recognition of qualifications abroad

This valuable certificate includes official data about your academic career, excluding subjective assessments, equivalence statements, or recognition proposals. It details the nature, level, context, content, and status of your completed studies.

Applying for the Diploma Supplement:
Submit your request online alongside your degree application during the degree examination section. Alternatively, submit your request anytime after graduation: See the “Certification issuance” section for specific instructions.

Remember:
The Diploma Supplement serves as an official English translation of your degree certificate, enhancing its international value and recognition.

8.17.6 – Certification issuance

In order to receive any form of certificate relating to your academic career, you must be up to date with the payment of your fees for the period relating to your certificate request. All certificates must be replaced by a self-certification in accordance with art. 75 and 76 of DPR no. 445 of 28 December 2000, when they are issued to public administration bodies or private public service providers.
In fact, pursuant to art. 15 of Law no. 183/2011, from 1 January 2012, public administrations and public service operators can no longer request or accept from private clients certificates issued by other public bodies.
Therefore, at the bottom of the certificates, the words “this certificate cannot be sent to public administrations or private public service providers” will be added.

In the absence of this statement, your certificate will be considered invalid. The only exceptions to this rule are the following:

- Certificates to be delivered to judicial offices when they exercise juridical activity; in this case, the certificate will contain the words “in accordance with art. 40 DPR no. 445 of 28 December 2000 and is issued only for inclusion in the documentation of legal proceedings;
- Certificates issued for the purpose of renewing/issuing residence permits or EU permits for foreign citizens; in this case, the certificates contain the words “Certificate issued for the procedures regulated by norms concerning immigration” (application for a residence permit);
- Certificates to be sent abroad, issued in both Italian and English, which will include the words “in accordance with art. 40 DPR no. 445 of 28 December 2000; this certificate is issued only for use abroad”.

**Procedure:** You can apply for the certificate by making a specific request on the application form provided by the Registrar’s Office or downloaded from the Delphi Online Services website (https://delphi.uniroma2.it/). Select Student section, Key 4, “Manage your career online” > Request for certification.

**ATTENTION:** In accordance with the law by decree no. 196 of 30 June 2003, certificates will only be issued to the person concerned or to third parties in possession of a valid identity document and a signed delegation, accompanied by a copy of the student applicant’s identity document.

**CERTIFICATIONS INCLUDING/NOT INCLUDING STAMP DUTY**

According to the regulations in force, only certificates with the corresponding stamp duty of €16.00 can be issued, and in this latter instance, the application is also subject to the stamp duty.

Only in cases where the legislation in force provides for an exemption from the stamp duty (Annex “B” to DPR no. 642 of 1972), a certificate on plain paper can be issued. In such circumstances, when applying for the certificate, the person concerned must state the reason for the exemption (e.g. social security, residence permit, etc.).

**The following certificates can be issued by this university**

**Certificates for STUDENTS**

- Enrolment

In accordance with art. 15 of Italian Law 183/2011 (Stability Law 2012), the certificates issued by Tor Vergata University of Rome are valid and can be used only in relations between private individuals. All certificates and affidavits are replaced by self-certifications in relations with public administration bodies or private managers of public services. In cases where students have to declare their positions, personal skills and characteristics to the University, they can use a self-certification form (art. 46 DPR n. 445 of 28 December 2000), which can be downloaded from the following link:

http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/SEG/section_parent/6000

These self-certifications are exempt from stamp duty (pursuant to art. 37 DPR no. 445 of 28 December 2000). The following documents cannot be self-certified

- medical, health and veterinary certificates
- certificates of origin and compliance with EU regulations
- Patents and trademarks.

There will no longer be any control over what is declared in self-certifications (i.e. no original certification will be required), but the public administration will carry out checks.
