

The Ph.D. program in Economics and Finance is a 4-year full-time program providing an **advanced specialization** in Economics, Finance, and Econometrics to highly qualified students whose goal is a **successful career in academia or in institutions that require strong financial, economic, and statistical skills**.

The program offers a distinguished international faculty teaching a wide variety of graduate and doctoral courses in Economics and Finance. During the first year, students acquire a broad set of theoretical and methodological skills required in economics and finance. After choosing their field of specialization, students dedicate the second, third, and fourth years to research.

Our program is formally linked to the Rome Economics Doctoral program (<https://www.redphd.it/>), a Ph.D. program in Economics in collaboration with **EIEF**-Bank of Italy and the Dept. of Economics and Finance at **LUISS**. In addition to our faculty and classes, our students are encouraged to take RED courses for credit and interact with the best researchers in the broader Rome area.

The Department of Economics and Finance is a lively intellectual and social environment with two weekly seminar series, period workshops and specific activities for doctoral students (brown bags, student workshops, job market training, weekly review sessions with the program coordinator and periodic social gatherings)

Analytical skills and intense preparation in mathematics are essential for a successful application.

Call for Interests: **A.Y 2023-2024**

The Call for Interests is now online.

Specific details about the Ph.D. program in Economics and Finance are available [here](#).

How to APPLY - Requirements

The requirement is the second level (M.Sc.) degree, to be achieved by the date of the Ph.D. enrolment. Applicants with a non-EU M.Sc. degree will provide the Declaration of Value (or its request to the competent authority) within six months from the enrollment.

Required documents:

Applicants are required to send at info@phdef.uniroma2.it the required documents listed below (please note that they should all be prepared or translated into English):

- Research Statement (1-2 pages max)
- Two reference letters (instruct your letter-writers to send letters here info@phdef.uniroma2.it)
- Short motivational Letter with Curriculum Vitae (resume)
- English language proficiency certificate (IELTS/TOEFL/Cambridge C2 Proficiency/Cambridge C1 Advanced). No English language certificate is required from applicants who are English native speakers and/or have been awarded a degree from a university program entirely taught in English and have written a thesis in English in such a program.
- M.Sc. thesis (elective)
- Publications (if any)
- GRE and/or GMAT test score (if any)

Deadline: February 28, 2023
