March 19: **Prof. Stefano Gagliarducci**,

"Hurricanes, Climate Change and Political Accountability", with D. Paserman and E. Patacchini.

March 26: **Prof. Federico Belotti**,

"Estimation of stochastic frontier panel data models with spatial inefficiency".

April 2: **Acar Berkan**,

"Un(comfortably) numb: hearing loss, relational goods and subjective wellbeing".

April 9:

Federico Maddanu, *"On Persistent Cyclical Processes"*;

Luca Mattia Rolla, *"An application of nonlinear dependence measures to dimension reduction for multivariate time series"*.

April 16: **Stefano Manfredonia**, *"Analysts' reaction to media coverage on corporate misconducts"*.

April 23: tba

April 30:

Fernando Erazo Loaiza, *"Fiscal policy in an endogenous growth model"*;
Clarissa Lotti, *"Bureaucrats Independence and Procurement Discretion"*.

May 7:

Alessio Muscarnera, tbd
Sedi-Anne Boukaka, tbd

May 14:

Matteo Duca, tbd
Chiara Puccioni, tbd

May 21:

Sorvillo Bianca, tbd
Daniela Fantozzi, tbd

May 28: **Henok Fasil Telila**, tbd

June 4: **Alberto Zezza** (WB), *"Better Data for Better Development Policies. The experience of the Living Standard Measurement Study – Integrated Surveys on Agriculture (LSMS-ISA)"*.

June 11: **Erminia Florio**, tbd

June 18: **Mauro Brescia**, tbd

June 25: **Federico Tullio**, tbd

Fall 2018

Classroom B (I floor, Building B), **1.00-2.00pm**

October 2: **Joseph Zeira**,

"Automation and Unemployment: Help is on the Way!"

October 4: **Andrea Serna**,

"What Drives Sustainable Consumption in Emerging Countries? A Field Experiment in Colombian Supermarkets"

October 9: **Andrea Silgado**,

"Sovereign Spread Volatility and Banking Sector"

October 16: **Fabio Franco**,

"Particle Markov Chain Monte Carlo with GMM Likelihood Representation based on Block-Sampling strategy"

October 18: **Michele Bavaro**,
"Network Effects in an Intergenerational Mobility Model"

October 23: **Prof. Carlo Ciccarelli**,
"Home Sweet Home: the Effect of Sugar Protectionism on Emigration in Italy, 1876-1913"

October 25:
Stamato Giovanni,
"Determinancy and Learnability in a New Keynesian Model with Hysteresis in Potential Output";

Ivan de Lorenzo,
"Effects of Macroprudential Tools on the Macroeconomy: a Preliminary Analysis"

October 30: **Federica Di Giacomo**,
"Heterogeneity in Inflation Expectations and Personal Experience"

November 6: **Monia Ranalli**,
"Simultaneous Clustering and Dimensional Reduction of Mixed-type Data"

November 13: **Andrea Bertolazzi**,
"Consumer Profiling and Renewable Energy Demand Response"

November 20: **Beini Cai**,
"Gender Equality Spillover Effects and their Effect on Economic Output: a Spatial Perspective"

November 27: **Roberta De Luca**,
"Pre-selection Methods for Cointegration Based Pairs Trading"

November 29:
Maria Cristina Scarafile,
"The Impact of Social Capital and Personality Traits on Income Inequality";
Chiara Antonelli,
"Crop Diversity as a Strategy for Adaptation to Climate Change: insights from Uganda Panel Data"

December 4: **Donato Ceci**,
"Functional Analysis of Temperature"

December 18: **Guido Franco**,
"Productivity and Finance: The Intangible Assets Channel"
